## B. ABOUT THE PRAIRIE VIEW - TSU GAME

The football contest between Prairie View and Texas Southern, scheduled in Houston's Public School Stadium, October 6, is one of our most important home games. The two schools alternate in the sponsorship of this classic in Houston. We want to make this occasion one of the biggest and best. We hope for the best in attendance and in performances of our student groups, special activities, and The Panther Team.

Transportation and game tickets for both faculty and students will be available at the College Exchange beginning Wednesday, October 3.

## C. THE COTTON BOWL CLASSIC

One of our major activities in October is the Annual Cotton Bowl Classic, scheduled this year on October 15 in Dallas. Provisions are made for both faculty members and students to attend this big event. Tennessee State is the opponent in this 32nd annual game, which promises to be one of the best in history.

Members of the staff who plan to attend should make application for leave at an early date. Acceptable arrangements for classes must be submitted and approved.

Bus Tickets to Dallas (\$7.05) will go on sale in the College Exchange Store beginning Wednesday, October 10. Presale game tickets (\$1.50) are now available at the Athletic Office and at the School of Engineering.

D. MASS CHEST X-RAY

The Texas State Department of Health will bring its Mobile Chest X-Ray Unit to Prairie View on October 2, 3 and 4. Free Chest X-Rays will be available to all in the Recreation Hall. Staff members can help in this program by announcing to students that they will be expected to take advantage of this opportunity.

The three-day X-Ray service here is a part of a County-wide Program which is sponsored by health officials and several health organizations.

H. IN CLOSING

Following up our suggestion in September to smile and "win friends and influence people," this quip from an editorial in the New York Herald Tribune might also have merit:

A good, real unrestrained hearty laugh is a sort of glorified internal massage performed rapidly and automatically.

It manipulates and revitalizes corners and unexplored crannies of the system that are unresponsive to most other exercise methods.

Very truly yours,

E. B. Evans

P. S. The regular meeting of all faculty and staff members will be held on Tuesday, October 2, 1956 at 7:30 p. m. in the Administration Building Auditorium.
