  - School of Home Economics . . . . . July 25

## SECOND TERM

The final lap of our 1956-57 school year will begin in July and close very shortly before the ending of the fiscal year. This summer session has moved along very smoothly, and it is our hope that the second six weeks period will be equally successful.

LITTLE LEAGUERS

The organization of the Little League Baseball organization in the community is a very commendable project. We hope that all of our staff will support these boys in this summer recreation program.

STUDYING THIS SUMMER

SCHOOL OF ARTS AND SCIENCES

Department of Education

Mrs. Heslip E. Martin - University of Denver  
Miss K. S. Gibson - Columbia University

Department of English

NEW FAMILY MEMBERS

Three new arrivals to members of the college staff are announced. Born to Dr. and Mrs. W. L. Cash, Jr., on May 27 was a seven pound girl, Lisa Lenora. Mr. and Mrs. A. I. Thomas are the proud parents of twin girls, born on June 3, named Janet Marie six pounds three ounces, and Julie Elizabeth, five pounds twelve ounces. Dr. Cash is Director of the Counseling Center and Mr. Thomas is Director of the Division of Industrial Education.

IN CLOSING

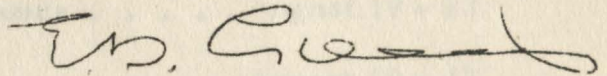

There is a growing awareness of the importance of Work Experience Education in this Country. Because of our historical interest in the subject at Prairie View, it is encouraging to note the vast list of "going" programs in secondary schools throughout the nation, as reported by the U. S. Department of Health, Education and Welfare.

Newsletter  
Page 4

An introductory statement by the Department sets forth the guiding principle for Work Experience Education, and we would like to repeat it here:

"It is a common belief in the United States that American youth should prepare for full and successful lives by continuing their formal education at least through the high school. It is also generally believed that every able adult citizen should contribute to the well-being and prosperity of the Nation through productive work. If the ability to work must be learned--and is not a natural talent--then the inclusion of work experience in the education of young people is essential."

Very truly yours,

A handwritten signature in dark ink, appearing to read "E. B. Evans". The signature is fluid and cursive, with a long horizontal stroke at the end.

E. B. Evans  
President
