B. FOURTH OF JULY HOLIDAY

Classes will not be held on July 4, Independence Day. This is also an official state holiday and all offices and services will be closed for the day.

C. SCIENCE FAIR

The fourth Annual Science Fair will be held on Thursday, July 12. Participants will include the members of the National Science Foundation Summer Institute for Talented High School Students in Science and Mathematics.

D. CHEERLEADERS AND BATON TWIRLERS

The sixth annual clinic for Cheerleaders, Baton Twirlers, Majorettes and sponsors will be held at the College July 15-20. Another large enrollment is expected for this special program which is designed to help students improve their skills in these activities. Instructors for the clinic will include some of the finest baton twirlers, cheerleaders and majorettes in the nation.

E. LANGUAGE ARTS WORKSHOP AND READING CLINIC

A workshop in Language Arts with emphasis on Reading instruction on the elementary level is scheduled for a three weeks period beginning July 16. Specialists in the area of Reading who will serve during the workshop period are Mrs. Mae C. H. Porter, staff member of the Reading Clinic, Washington, D. C. Public Schools; and Dr. Leo Fay, professor of Education at Indiana University. Several outstanding consultants representing Texas colleges and universities and the Texas Education Agency will also be available for this program.

The Reading Conference is scheduled on August 2.

F. WORKSHOPS AND SHORT COURSES

Several other workshops, institutes and short courses will begin with the second six weeks term. These include the Summer Institute in Mathematics for elementary school teachers, seminar in Foods and Nutrition, short courses for vocational agricultural teachers, short courses in Auto Mechanics, and the Lone Star State Student Council Workshop.

G. SUMMER RECREATION

We would like to point up the many opportunities for summer recreation which are available to all age groups. These activities include Little League and Teenage Baseball, golf, tennis, volleyball, softball, reading, garden club activities, arts and crafts and many others. Check the Prairie View Week for schedules of these activities.

Our movie program continues to bring to the campus some of the best features now available.

Mr. Charles Edwards, University of Missouri
Mr. Henry Kemp, Indiana State College
Mr. Willie Adams, North Texas State
Mr. Harden Jones, University of Illinois

PRESIDENT'S OFFICE

Miss Ezra L. Henderson, Kansas State College

I. A SPECIAL WORD OF THANKS

To all employees who contributed to the promotion of our special activities during the month of June. Our 1962 Summer Session is developing as one of the best, with the largest enrollment in history and a wide variety of offerings designed to serve the needs of community leaders throughout the State.

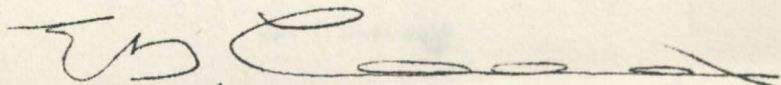

J. IN CLOSING

The fact that Mental Health is a basic function of our schools cannot be overemphasized, a report in the Teachers College (Columbia) Record stated. "Helping to maintain good mental health is as much a responsibility of U. S. schools as reading, writing and arithmetic. Although many youngsters are doing well academically, they are still graduating with a sense of discouragement and apathy--and with little motivation for anything.

The report states further that -

While a youngster needs to know facts, he needs also to know how and when to apply them. He needs to know how to appraise and evaluate a situation, and above all, he needs to know that there are many ways of knowing.

Very truly yours,

E. B. Evans
President
