PRAIRIE VIEW ANNUAL OPEN TENNIS TOURNAMENT . June 21-23

## B. THE 53rd SUMMER SESSION

The 1963 Summer Session opens with registration on June 3. As in previous years, we are expecting another outstanding summer program. Enrollment prospects are good, and we have scheduled many special offerings for school personnel which add up to a very challenging summer session for both students and faculty.

F. SPACE SCIENCE LECTURE

A space science lecture-demonstration and discussion of the nation's space program for peaceful purposes will be given on our campus on Wednesday, June 12, 1963. The lecture-demonstration will be conducted by experienced science educators, authoritatively informed on space science and exploration activities of the National Aeronautics and Space Administration.

G. INSTITUTE FOR SCHOOL ADMINISTRATORS

The annual Institute for School Administrators is scheduled for June 17-18. The theme for this year is "Curriculum, Discipline, and Societal Influences as Vital Facets of the Emerging School-Community Complex."

H. A WORD OF THANKS

Appreciation is expressed to all members of the staff for their services during the month of May in helping to close another successful year at the College. As usual, the school year seemed to pass very swiftly. There are many areas of progress noted in the records, and for this we are deeply grateful.

I. IN CLOSING

Best wishes to all of you as we begin another term of school work, and especially to those who will be away for the summer, studying, traveling or vacationing. Again, I want to commend the staff for a very fine year of service, and I hope that our ensuing summer term will be the best in history.

Very truly yours,

E. B. Evans  
President
