"The Voice of the Students of Prairie View"

VOLUME XLI—No. 1

Prairie View A. and M. College, Texas

SEPTEMBER, 23, 1966

STUDENTS PAY FEES BEFORE REGISTRATION — Lines moved rapidly throughout the four-day registration period. Closed classes and shortage of teachers in some areas presented problems.

Over 1100 Freshmen Swell Fall Enrollment

Enrollment of freshman and transfer students is approximately 1100, Dr. G. R. Ragland, registrar, reported.

Miss PV Will Attend Game At Southern

Miss Cheryl McIntyre, Miss PRAIRIE VIEW — 1966-67 and her sponsors will attend the Prairie View-Southern game in Baton Rouge, Louisiana Saturday.

The Saturday trip for the campus queen is the only out-of-state event scheduled. She will be presented as usual at Dallas, Houston and during all campus games.

Miss Grambling and a large group of Grambling College students are expected for the game here next week.

The total enrollment figure was not available at this time. It is being speculated that upperclass enrollment must be on the increase, judging by the seemingly extra large number of students on campus.

The enrollment of male students has increased, according to unofficial reports.

Registration began on September 14 and continued in the Field House through Saturday, September 17. Registration was resumed Monday in The Memorial Center ballroom.

The Fall semester officially opened on September 12 with a Faculty Conference scheduled throughout the day and on Tuesday, September 13. Freshman orientation activities began on September 13 and continued through Sunday.

Registration officially closes Saturday.

Orientation Held For New Students

The incoming Freshmen received a full-fledged orientation upon their arrival. Freshmen students reported to the campus September 13, beginning their orientation with a General Assembly. The assembly consisted of the traditional college welcome and the introduction of administrative personnel and Academic Deans.

The Freshmen were aided in selecting their field of study in which they wished to pursue at the Separate School and Departmental Meeting. This meeting was presided over by the various Department Heads, and Department Advisers. The meeting was followed immediately by registration.

Sunday afternoon, the Freshmen students were honored at the President's Traditional Reception, where members of the Administration, and Faculty, met the Freshmen in a cordial Receiving Line.

Sunday night Vespers sponsored by the YWCA and YMCA under the directorship of Reverend Van Johnson, were held at 7:00 p.m. in the Field House. This highlight drew the conclusion to Freshmen Orientation for another year.

Students Sought For Publications Staff Work

Volunteer students are reporting daily to the Student Publications Office (Adm. B-4-6) for work on The PANTHER newspaper and Yearbook staffs.

Miss Romey Johnson, Panther Editor, reports a great deal of interest in the Campus newspaper. "We need all the good workers we can get," she said.

Danny Anderson, Pantherland editor is already at work on the 1967 PANTHERLAND. Contact is now being made with photographers for the huge job of photographing every person on campus as well as clubs.

Interested students are asked to report to the Publications Office immediately.

A Climate For Learning —

Teachers Must Understand Students, Faculty Told

Dr. R. Will Burnett told Prairie View A & M College faculty members that they should become more involved with students — work with them, not on them — if their teaching is to become effective.

Speaking before the entire faculty during the Annual Orientation Conference, Dr. Burnett, chairman of the department of Continuing Education at the University of Illinois, said "the effectiveness of your teaching depends on your understanding of your students." "There must be mutual understanding and mutual respect."

The visiting speaker centered his address on the conference theme, "Developing A Climate

Dr. Evans Returns As Acting Head During Dr. Drew's Illness

Dean C. L. Wilson Coordinates Instruction

Dr. J. M. Drew, became ill shortly after taking office as President of the college. The President and Board of Directors of the Texas A&M University System has asked Dr. E. B. Evans, President emeritus, to assume Dr. Drew's duties temporarily.

The nature and extent of Dr. Drew's illness has not been disclosed.

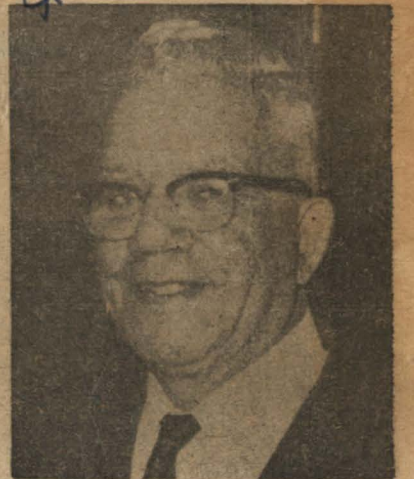

Dr. Evans was scheduled to retire on August 31, after 49 years service at the college. He served as president for 20 years. He had hardly moved to his new office as president emeritus before being called back to handle the duties of the president. He will continue as president until Dr. Drew is able to resume his duties.

The position of Dean of Instruction, vacated by President Drew, has not been filled on a permanent basis. The Deans of the respective colleges have served as a committee in handling the duties of this office. Dean C. L. Wilson of the school of Engineering serves as a chairman of the committee and is occupying the office of the Dean of Instruction.

He has been quite active in getting the instruction program underway for the new term.

Library Addition Planned Soon

Funds have been allocated for an addition to the Prairie View A&M College Library which will cost approximately \$560,000. A part of these funds, a total of \$184,872, was received as a grant for library construction under The Higher Education Facilities Act of 1963. The new construction has a new front design and the addition in the rear of the present structure.

Dr. E. B. Evans — President Emeritus Back on the Job.

President J. M. Drew — Became ill shortly after taking office.

Dean C. L. Wilson — Holds Dean of Instruction position.

Band Will Show New Uniforms Sat.

The PV Band is busy getting ready for next week's opening home football game. The group, directed by Joseph A. Daniels and David Cobbs, will show off their new uniforms on this occasion. The Grambling College band is not scheduled to appear.

GOVERNOR CONNALLY VISITS CAMPUS AGAIN — Students crowded around the Governor following his address at Dr. Evan's Testimonial Dinner.

Student Leaders Swing Into Action

The newly elected student leaders for the 1966-67 school year which were chosen last Spring are Cheryl Kay McIntyre who holds the coveted title of Miss Prairie View. Cheryl is a Senior Dietetics major from Bonham, Texas. Cheryl's activities include the Women's Council, the Kappa Omega Beta Social Club, YWCA, and she has won such titles as Co-winner of the state wide college-university Miss Texas Co-ed Contest.

Sullivan Baker, a Senior Industrial Education major from Houston, Texas is Student-Body President. Sullivan is a member of the Barons of Innovation Social Club, Omega Psi Phi Fraternity, and YMCA.

A Junior Business Education major from Dallas, Texas, and recently elected Editor-in-Chief of the PANTHER, Romey Johnson participates in such activities as the Kappa Omega Beta Social Club, Press Club, and Dallas-PV Club.

Daniel Anderson, a Junior Pre-Medicine major from Kilgore, Texas, has been unanimously appointed Yearbook Editor. Daniel is a member of Alpha Phi Alpha Fraternity.

Brigade Commander for the ROTC this year is Otis Evans, a Senior Agriculture major from Brenham, Texas. He is a member of the Collegiate Chapter of the Future Farmers of America.

ATTENDS WORKSHOP

Mrs. Ollie B. Moten, School of Nursing, attended a workshop on New Perspectives in College Health Nursing at the University of Colorado.

"Upward Bound"

The Prairie View A&M College Upward Bound Project is currently beginning the academic year program for participants who were involved in Summer phase of the project.

A total of ninety-eight 10th and 11th grade students and thirty-one staff members participated in the Summer Program. They represented eight neighboring counties — Austin, Brazos, Grimes, Galveston, Harris, Robertson, Washington, and Waller.

Centers are now being established in a number of schools in the eight county area. Contacts will be continued with the students and teachers involved during the nine months school year.

An effort is also being made to secure high school teachers, regularly employed in the schools from which the students came, to serve as Upward Bound Field Workers. These teachers will assist the program by holding weekly meetings with the students, discussing subjects of general importance, and assisting where possible in the solution of academic and other problems. It is also expected that periodic visits to the Prairie View College campus will be made, and occasional educational tours and other events of a cultural nature scheduled.

The Upward Bound Project at Prairie View is financed by the Office of Economic Opportunity in its war on poverty, and designed for high school students from low income families who may not have been sufficiently stimulated to seek some form of post high school education. The Project is under the sponsorship of Prairie View A. and M. College.

WALLER COUNTY'S COMMISSIONERS' COURT PAYS TRIBUTE TO DR. E. B. EVANS — Representing Waller County officials, Commissioner A. M. McCaig (Pret. 2), presents the retired president at Prairie View A & M a copy of the resolution signed by the Court which expresses thanks for a job well done. The Resolution cited the outstanding work of President Evans both as president and employee at the college and recognized his cooperation in matters affecting Waller County and its people. Officials signing the document included Judge Ralph Waters, County Clerk Dick Cunv and Commissioners McCaig, J. S. Grathouse, John D. Stefka and A. O. Muske.

Governor Connally Speaks at Testimonial Dinner For Dr. Evans

Governor John Connally expressed the gratitude of Texas here Wednesday night for the long and distinguished career of service by Dr. E. B. Evans, who will retire as president of Prairie View A&M College on August 31.

"As Governor of Texas I felt that I should be here, because the man we honor tonight has contributed so much to the state for so long," Connally said during the Appreciation Dinner held for Dr. Evans. Over 400 state and Waller county officials, faculty members, students and friends attended the program honoring the 72-year administrator who has served at Prairie View for 49 years.

Connally described the Prairie View President as "The symbol of all that is right, kind and decent, "He has always been poised and graceful, always firm, always strong, aggressive without being arrogant, humble without being weak." Speaking directly to Dr. Evans, The Governor said, "The citizens of Texas are profoundly grateful that Almighty God sent you our way."

H. C. Heldenfels, chairman of The Board of the Texas A&M University System, described the honoree as "having wisdom, courage and a deep and abiding religious faith."

President Earl Rudder of Texas A&M and Dr. Philip Hoffman, President of The University of Houston both praised Dr. Evans for his service to higher education in Texas.

The college faculty and staff gave the president a color television set which was presented by Dr. Anne L. Campbell, who spoke in behalf of this group. Donald Dorsey, president of The Student Council and Miss Torbartha McDowell, Miss Prairie View, represented the student body and presented a plaque and gift.

Other speakers included Dr. T. S. Williams, dean of The School of Veterinary Medicine at Tuskegee Institute, K. H. Malone and Dr. Phillip Young. Alumni and Ex-students Association representatives, The Reverend W. Van Johnson, Dr. G. L. Smith, chairman of The Appreciation committee and Dr. J. M. Drew, president-elect.

Dr. Evans responded briefly,

expressing appreciation for the cooperation he has received over the years. He called for the same type of loyalty and cooperation for his successor, Dr. J. M. Drew, who takes office on September 1.

Over 50 key citizens from the neighboring towns of Hempstead and Waller and a large group from College Station were present to extend personal good wishes to the honoree. Also represented were cities and towns throughout the state.

Dr. Evans began his long tenure of service at Prairie View in

Awards Competition Fulbright-Hayes Nearing Close

The Institute of International Education reports that the competition for U. S. Government grants for graduate study or research abroad in 1967-68, or for study and professional training in the creative and performing arts, under the Fulbright-Hays Act will close shortly.

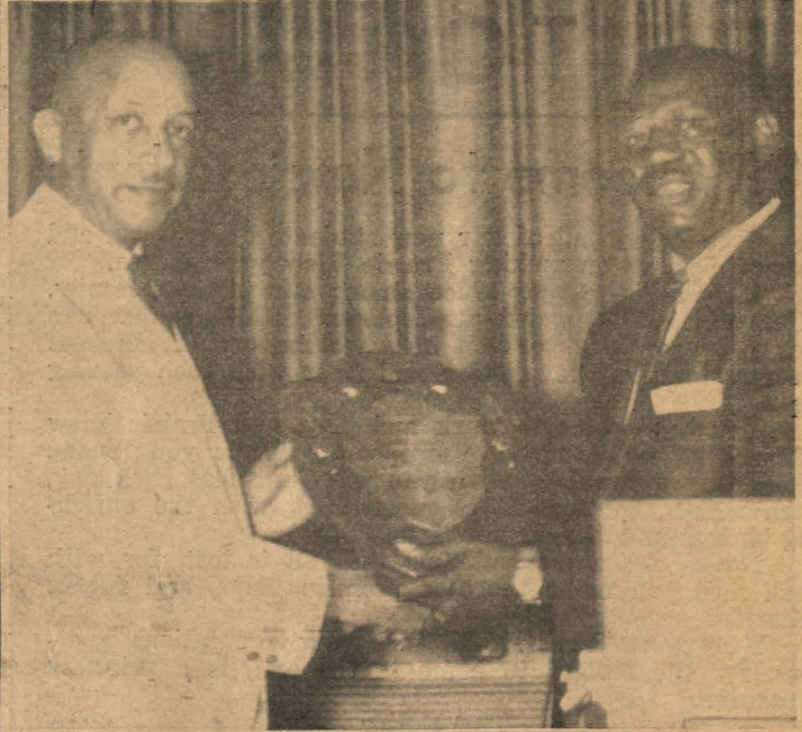

This year marks the 20th Anniversary of the signing of the original legislation which created this exchange program. Since 1946, approximately 15,000 grants have been awarded to American graduate students for study in countries throughout the world.

Application forms and information about this year's competition for students currently enrolled in Prairie View A&M College may be obtained from the campus Fulbright Program Adviser, or the Dean of Instruction. The deadline for filing applications through the Fulbright Program Adviser on the campus is soon.

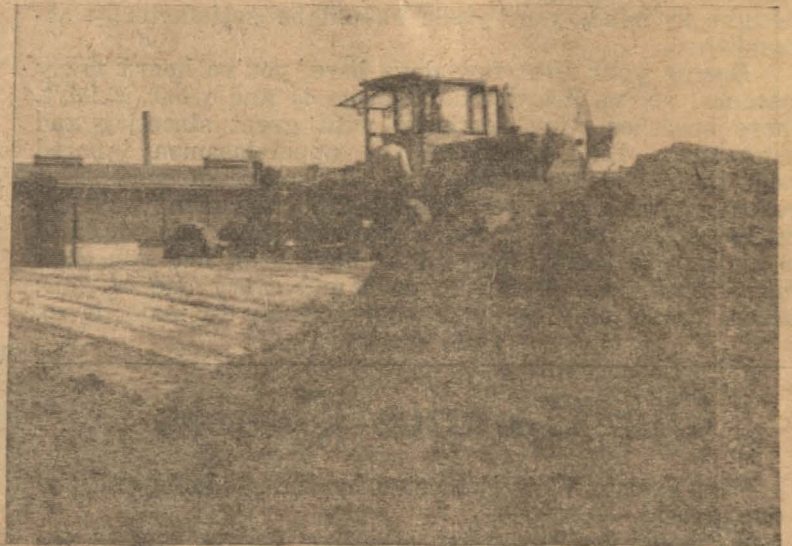

1918, when he became college Veterinarian. He won many friends for the college through contacts made in clinical and hospital services to farmers and ranchers throughout the South Texas Areas. In 1946 he established the first and only school of Veterinary Medicine for Negroes in The Nation at Tuskegee Institute.

His record of service as president of the college (1946-1966) is highlighted by tremendous growth of the institution. Enrollment tripled during this period, and the physical plant, valued at \$2.5 million in 1946, is now worth \$16 million.

After his retirement, Dr. Evans will continue to live in the Prairie View community.

APPRECIATION AWARD TO DR. ECHOLS — James Humphrey of Houston represents graduate students in Education who presented a plaque to Dr. J. W. Echols, Director of Teacher Education, for his untiring service to students. Dr. Echols has been granted a leave of absence to serve the federal government's Agency for International Development. (A.I.D.)

PARKING AREA — Work began recently on parking facilities adjacent to the Health and Physical Education building. The rough area between the field house and Memorial Center will be eliminated with this new construction.

EDITORIALS

A Welcome to New Students

Greetings to all of our new students on campus, and congratulations on making Prairie View your choice.

As you make your place among our jubilant family, offers this well-rounded atmosphere. While you trudge for you see, your position here will be one of eliteness as our tradition grows older and finer with each passing year.

You have come to work and play, and Prairie View offers this well-rounded atmosphere. While you trudge along this well-walked path you will find that each day, each month, becomes more momentous with the enriching background of your new found life.

Never, for a moment feel that all is lost, for with each step you make there is promise, hope, and future security.

Keep your heads high, and your reputations spotless, for the reward to come in the end, is a priceless treasure.

The Editor

To The Class of 1970

The Panther staff extends its best wishes to the class of 1970. We hope that your central idea will be: "How dull it is to pause, to rust unburnished, not to shine in use, as if to breathe were life." With this thought in mind, your goals should be satisfactorily accomplished.

During your first few days here, you've heard many speeches, you've heard what college is and what it isn't. Those speeches were rendered with great sincerity and inspiration. Like many of the upperclassmen ignored them their Freshman year, so will many of you. But remember, when you get to be an upperclassman you'll begin to realize just how much you will have missed. It'll be too late to think what might have been had you done this or that. Good luck to each and every one of you; success comes only through your striving to make it so.

Odie Woods

Our Campus Queens

Miss Prairie View is elected by the students and she is our queen.

We want for her what all other college queens enjoy, and that now includes a sizeable list because all she receives now is a great deal of honor. And this we are sure she appreciates.

Practically all college queens, we are told, receive scholarship assistance and many special privileges such as a special dormitory room, special seats at all events and other such features. Many colleges take care of all expenses of the queen and furnish a budget for travel and a complete wardrobe. Some of our own Southwestern Conference colleges do all these things, and more.

The PANTHER recommends that all of these things, and more, should be done for our queen, and we speak of now — not next year or in the future.

Who here would like to see more done for the queens of Arkansas State, Southern, Grambling, Tennessee or Florida A&M than for our own Miss PV.?

Press Club

The Press Club is asking all persons who have shown an interest in working on the Yearbook and Newspaper Staffs this year to watch out for a

meeting notice to be posted next week.

An outline of the plans for the two staffs will be discussed at this meeting. Please plan to attend.

STAFFERS ATTEND WORKSHOPS

H. T. Jones, Principal at the Prairie View Training School, was one of 230 educators from throughout the nation participating in the National Leadership Workshop at Plattsburgh State University College last month.

Student Leaders Present Challenges To Students

On Sunday evening, September 18, the YMCA and YWCA sponsored the Vesper Hour. The program was planned to expose new students as well as to reiterate to former students the importance and values of a good education.

James Melton, Sophomore Class President, presided. Miss Archie Williams, member of the Varsity Debating Society, gave scripture reading and invocation was led by Carl Moore, President of the YMCA.

Following the Invocation, Sullivan Baker, President of the Student Association rendered a dynamic greeting expressing a sincere desire to help all students. Next, Miss Prairie View, Cheryl K. McIntyre, in a warm and sincere welcome expostulated the basics in a good education. She described a truly educated person as having book sense, being able to get along with others, and respecting the prop-

In Behalf of the Freshmen

By Myrtle Calton

During our Freshmen Orientation period, were informed of our responsibilities as college students. We were also made aware of the challenges we must meet and the demands that will be made on us.

Everyone except the freshmen was given a chance to speak his mind. We, the freshmen class, would like to take this opportunity to express our gratitude for the warm welcome given to us by the college officials and the upperclassmen. The information they departed with us has not been said in vain. We find that much of what was said has helped us tremendously in making our adjustment to college life.

We hope that our stay at Prairie View A&M College will be a profitable one. We will strive to our utmost to conduct ourselves in a manner that will reflect credit to this institution. The student leaders presented to us doing our orientation exercises are shining examples of the kind of individuals we should pattern ourselves after.

We realize that college is not an extension of high school. Therefore, we are willing to adjust to the numerous changes that entering college brings about. If we start off on the right foot as freshmen, we will definitely have a successful college career.

Inter-University Committees Announces Travel Grants

THE INTER-UNIVERSITY COMMITTEE ON TRAVEL GRANTS announces opportunities for advanced graduate students, faculty members, and post-doctoral researchers to engage in study and research in the Soviet Union, Bulgaria, Czechoslovakia and Hungary during the academic year, 1967-1968. These exchanges are made possible by the inter-governmental agreement on exchanges with the USSR and agreements with the respective educational organizations in Bulgaria, Czechoslovakia, and Hungary. These exchanges are administered for the American side by the Inter-University Committee on Travel Grants, a multi-university American organization whose objective is to strengthen American education in all fields by supporting research in the Soviet Union and Eastern Europe.

The Inter-University Committee administers three separate exchanges with the USSR: an exchange of advanced graduate students and young faculty, an exchange of post-doctoral researchers, and an exchange of American teachers of Russian for a special ten-week program during the summer. The exchanges with Bulgaria, Czechoslovakia, and Hungary are open to advanced graduate students, faculty, and post-doctoral researchers. Participants in these ex-

changes are chosen in national competition through application and interview. Participants must have proficiency in the language of the receiving country commensurate with the needs of their programs. Applicants must be American citizens. With the exception of those applying for the summer exchange of language teachers which is open also to teachers of Russian in elementary and secondary schools, applicants must be affiliated with American universities or colleges. The deadline for submitting applications for the 1967-1968 exchange is November 1, 1966.

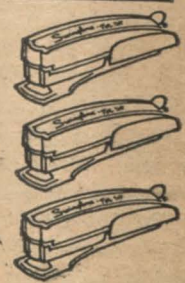

For additional information write: Howard Mehlinger, Inter-University Committee on Travel Grants, 021 Lindley Hall, Indiana University, Bloomington, Indiana, 47401.

PV Grad Appointed To High U.S. Office Of Education Post

The appointment of Dr. Preston Valien as acting director of the Division of Graduate Programs of the U. S. Office of Education was announced recently by Commissioner Harold Howe II. The Division is part of the USOE Bureau of Higher Education, directed by Associate Commissioner Peter P. Muirhead.

Dr. Valien, whose appointment was effective July 1, has been Chief of the Division's Graduate Academic Programs Branch. He replaces Dr. John W. Ashton, who is resigning to return to Indiana University, where he served as graduate dean before coming to the Office of Education in early 1965 and will now serve as University Professor of English and Folklore.

Dr. Valien, a native of Beaumont, Texas, earned his bachelor's degree at Prairie View (Texas) State College in 1934, his master's degree at the University of Wisconsin in 1935, and his Ph. D. at Wisconsin in 1947, in the fields of sociology and economics. He did post-doctoral work in South Asia Regional Studies at the University of Pennsylvania in the summer of 1953.

New Faculty Members Listed

Along with a host of new students, Prairie View has also brought new personnel to join us.

Beginning with the School of Arts and Sciences — English Department: Mrs. Frankie Donahoe, Mr. William H. Chapman, Mrs. Jean Carragone, Mr. Wilson Curtis, Mrs. Light German, Mr. Robert German, Mrs. Janie Monroe, Mrs. Lucille Murdock. Business Administration — Mrs. Dorisula Hawkins and Mrs. Laddelle Armstead. Education — Mr. Leroy Weaver. History — Mr. Theodore Kornweibel, and in Political Science — Mr. James Sperstad.

In the School of Engineering: Electrical — Mr. Paul Chow, Civil — Mr. M. M. Ansari and Mr. D. D. Yang.

Listed in the Military Science Department we have Lt. Col. Lloyd Stark, Major C. M. Cleveland, Jr., SFC Roosevelt Bass, SP5 Allen D. Tillman, Capt. Marvin Kennedy, Capt. Zinerva White, Capt. W. E. White and Capt. Maynard Brown.

Other new personnel are: College Library — Mr. William B. Scott, Fiscal Department — Miss Brenda J. Hayes, Miss Marva Sutton, Miss Ray A. Thomas, Student Personnel Services — Mrs. Mary A. Stubblefield, Department of Women — Mrs. Ethalene Alexander and Mrs. Louvenia Shepherd, Department of Men — Mr. James L. Jones, Mr. Johnnie Dunham and Mr. Robert Moore.

Lt. Col. Stark

Dr. Murphy

Professor Brookins

Coach Wright

APPOINTED TO ADMINISTRATIVE POSITIONS — Lt. Colonel Lloyd Stark joined the Prairie View Staff this month as Professor of Military Science. Others pictured received promotions. Dr. John Murphy replaces Dr. J. W. Echols who is on leave as Director of Teacher Education and head of the Department of Education. Mr. T. M. Brookins is serving as acting head of the Department of Business Administration following the resignation of Dr. W. C. Brown. Coach Hoover Wright is now head football coach, replacing Mr. W. J. Nicks, Athletic Director, Wright is an associate professor in the Department of Health and Physical Education and is also Track Coach.

Dallas PV

After a most supreme summer in the big "motor" city of Dallas, the members are ready to begin work again.

Officers for this year are: President, Lowell Chaney; Vice-President, Johnny Chatman; Secretary, Romey Johnson; As-

sistant Secretary, Arnetta Jefferson; Treasurer, Freddie Jefferson; Sergeant-at-Arms, William Jacques; Parliamentarian, Juanda Loud; Chaplain, George Hawkins; and Reporters, Paulette Everett and Jeanelle Smith.

Also this year, our membership has increased with our new Freshmen students.

With this swingin' crew of officers and members, our club can't help but coast along smoothly.

Watch out for our first bit of entertainment, as we know that you all definitely will be trying to make the scene.

Reporters,
Jeanelle Smith
Paulette Everett

You don't have to be a genius to work at G.E.

Near genius is okay.

A near genius with drive, stamina and imagination, that is.

And it doesn't really matter what subject you're a near genius in. General Electric is looking for top scientists — and for top graduates in economics, business, law, accounting and the liberal arts.

Nobody who joins G.E. is going to feel cramped. This is a worldwide

company, and it makes over 200,000 different products. So there's plenty of room to feel your strength — and in some of today's most challenging fields: transit design, urban lighting, jet propulsion, computers, electronics, aerospace, you name it.

Challenges like these have raised a new generation of idea men at G.E. If you're good enough to join

them, you'll find responsibilities come to you early. Your talents are recognized, your work is rewarded — in money and in opportunity.

This time next year, you could be on your way. Talk to the man from G.E. next time he visits your campus. And don't be surprised if he's young, too. At General Electric, the young men are important men.

Progress Is Our Most Important Product

GENERAL ELECTRIC

Club News

KOB

Pleasant salutations from the ladies of the Kappa Omega Beta Social Club. After a wonderful summer we are sure your thoughts consist only of making a great year here at Prairie View, working, playing, and of course some of you are looking forward to pledging our various campus clubs.

For the young ladies, we hope your choice will be KOB. We have already started scouting for possible potentials. Potentials that possess the fine qualities of poise, personality, leadership, and dignity, that are evident of all good Kappas.

So look your best, do your best, because you never know when a Kappa is watching you as possible KOB material.

Reporter, Romey Johnson

LBL Chatter

The ladies of the cultured pearl would like to express their warm and sincere welcome to all of you and especially to the Freshman. We are honored that you have made Prairie View your choice as a step toward your success.

We are the ladies of The Les Belles Lettres Culture Club. We will be distinguished by our colors, grey and white, worn on each second and fourth Wednesday.

Now that we've become friends, we would like to extend a word of inspiration. "A man's reach should not exceed his grasp, or what's a heaven for?" This little sentence, when carefully thought about, means "the horn of plenty". We are asking you to not only think about it, but do something about it. Again, good luck to you for more honor roll students in January, no JC's, and no visits to Uncle Sam, from The Les Belles Lettres and The Les Beaux Arts, who is our brother club. They

style in brown and gold, so be careful, because we are watching you.

Odie Woods, Reporter

The Pershing Rifleman

The members of the N. S. P/R wish those of you who are first year Prairie View students, as well as our old school-mates a most wonderful school year.

This year the members of the P/R Drill Team will unveil new things never before appearing on this campus and few other campuses around our regimental area. This will also, we hope, be a year of travel for our organization, due to the presence of a wonderful new advisor, Capt. Z. White Armor, a member of the Prairie View ROTC Instructor unit, and graduate of well-known Florida A & M College. Those of us who have had any chance to talk with Capt. White know that we couldn't have been blessed to have a better person.

As of yet, it is still undecided as to whether the Drill team will travel to Southern University, for drill team competition, along with the rifle team. Though rumored, the team will probably sacrifice that trip to make the two Dallas dates, San Antonio, and other dates that have been made since our new sponsor arrived.

Annual Smoker

The annual smoker was held Wednesday night with somewhat of a small turnout. The welcome address was given by Cadet Master Sergeant Randolph B. Stripling, a two-year member from Austin, Texas. And the objectives for the SY 1966-67 was given by Cadet Master Sergeant Booker T. Williams, a superior two-year member, who was last the recipient of the Freshman "Cadet of the Year" award. Cadet Williams along with Cadet Stripling both received awards for their drill team performance for SY 1965-66. We might add

"Young Elegants - 1966" Co-eds

Take it from us... 1966 is a big year for co-eds. Why? It's the year of young elegants. How do we know? We've just interviewed several popular collegiate fashion designers and editors and listened to their opinion. All agree that the "mode" for the 1966 co-ed is a look of ease, elegance, happiness, and beautifully professional... a look men love! We assure you that you'll have everything going for you when you join the parade of young elegants this fall.

In this issue, and those to come, we will present the

that Cadet Williams is well on the way to leading PV to the position of No. 1 Team in the entire 4th U. S. Army as this year's drill team commander, a position he'd by now Cadet Capt. Mack V. Murphy C. O. of Co. Q-17. "Bijet T", as he is known to most of his brothers, was the Brigade as well as Drill Team Commander at Kashmere Garden High School in Houston, which is the home of one of the top ranking Drill Teams in Texas, High school Division.

Working with "Booker T" and "Mack" this year will be: Billy F. Phillips, Platoon Sergeant, two-year member NDCC, Dallas, Texas; Daryll V. Hopkins, 2nd Squad Leader, two-year member NDCC, Dallas, Texas; Thomas H. Thomas, 3rd Squad Leader, two-year member NDCC, Houston, Texas; Randolph B. Stripling, 1st Squad Leader, P. I. O., two-year member, Austin, Texas, and Jimmie Glover, Dean of Pledges, Security Platoon Leader, Varsity Rifle Team, two-year member, Dallas, Texas.

We look forward to seeing you on the first day of October at our home game against Grambling College. Help us to back our "Mighty Panthers" to victory, they have the team, we have the support, so let's give it!

"mode" of the "young and elegant" — the co-ed of 1966.

A co-ed would not dare be a part of the 1966 fall parade without a coat dress. This long sleeved princess-line dress extends into an A-line skirt. A beautiful bold colored right pleat and single lapel give it an added attraction. Nothing is more beautiful than seeing the pleat swing into action at the slightest leg movement.

The double-breasted jacket is returning to the fashion world, this time, over a whirl of pleats. Fashionable and eye catching. This outfit makes a girl feel very much in her own element. It is just perfect for afternoon wearing.

The swing-skirt dress is strictly for the jet-age co-ed. Smart and attractive. The bodice of the dress extends softly below the waist and terminates into a full circle skirt of squared plaids. A narrow bias-cut belt accentuates the long waist look. This dress is popular for daytime wear, dating, and get-togethers.

Shiny and flattering. Exactly what the gentlemen love is a long formal. This beautiful gold

peau de soie gown is truthfully vogue. It has the style that competes with time. A girl could wear this dress a lifetime and still head the most fashionable list.

The true co-ed is characterized by the professional look — smart, easy, and beautiful. Automatically attractive. For this added attraction, you must make selections that are in vogue which fit your body type and personality.

Good luck Co-eds!

Army Officer Candidate School Program Offered

The Officer Candidate School Program, better known as the OSC program, is now available to all qualifying and interested personnel. This training, exclusive and demanding, is designed for young men who are aiming high and who have the physical stamina and mental capacity to be a United States Army Officer. Selective in nature, this program is limited only to college seniors and graduates.

In consideration to these individuals who have not been previously disqualified and are eligible for military service, this program provides another avenue by which they may obtain a commission in the United States Army subsequent to their being graduated from college.

Following an individual's application and acceptance for this school are the requirements of completing basic and advanced combat training and then approximately 23 weeks of Officer Candidate School (OCS) training. Upon its completion the aspirant will be commissioned as a Second Lieutenant in the United States Army Reserve in the branch of his own choosing. The entire time span, to include reception, processing and leave, is approximately 42 weeks before the commission is actually earned.

Upon acceptance and while waiting for graduation, an individual will serve in the grade of private and will receive pay accordingly until the actual time he enrolls in OCS. At this time a pay increase will be made to that of pay grade of E-5 or an incline from an approximate \$90.60 to \$200.40. The commissionee's pay is approximately \$303.90.

Serving as an officer in the army enables one to build valuable qualities, to develop dynamic leadership characteristics and to grow in stature. Therefore, all interested and eligible persons should contact the professor of Military science or members of his staff for further details.

ROTC SUMMER CAMP — Dr. J. L. Brown (Center), Director of Extramural Activities at Prairie View A&M College, Prairie View, Texas and the institutional representative at the Ft. Sill ROTC Summer Camp, meets with Major Jiles P. Daniels (2d from left standing), and Captain Franklin L. Donahoe (1st from left standing), and members of the Advanced ROTC program at Prairie View A&M College.

PV Cadets Attend Summer Camp

Twenty-seven cadets from Prairie View A&M College, Prairie View, Texas were a small percentage of some 1800 other cadets who participated in the ROTC Summer Camp, Ft Sill, Oklahoma during the period June 15 to July 26, 1966. These cadets are members of the Advanced ROTC program and are aspiring to obtain a commission in the United States Army. As one of several requirements for commission, each cadet must complete successfully, and ROTC Summer Camp, normally conducted at the end of their junior year.

The camp has as its purpose the testing of cadets in such areas as leadership, marksmanship, job performance and physical fitness. Although it is organized to be demanding, vigorous, and challenging in all areas, each cadet from Prairie View A&M College was able to complete the camp successfully.

The following cadets were participants in this four-year ROTC Summer Camp Program: Sullivan D. Baker, Wendell C. Baker, Haywood L. Ballenger, James A. Campbell, Don K. Clark, Lovette Coulter, James L. Dancer, Otis D. Evans, Richard T. Grant, Joe E. Henson, Marvin L. Howard, Harmon W. Kelly, James

E. Liggins, Willie Lowery, Jr., Paul J. Matthews, Garfield W. McConico, Marvin D. Mitchell, Kirvin D. Rogers, Henry W. Smith, John P. Smith, Wardsworth Soders, William E. Watkins, James L. Williams, and Negal F. Williams.

In addition to this four-year program, the college offers a two-year plan to all male enrollees desirous of obtaining a commission in the Army. After having completed all the prerequisites, cadets Alfred Howard and Willie C. Lott have fulfilled all obligations of their summer camp conducted at Fort Knox, Kentucky.

With this obstacle now under foot, these twenty-nine cadets will set the pace for the ROTC Brigade to follow during the oncoming school year. They will become leaders in the Corps and will be assisted by the cadre in training the basic corps cadets as well as preparing themselves further for their stay on active duty.

ROTC Instructors to Meet At 4th Army Headquarters

Approximately 60 professors of military science and senior Army instructors, representing all colleges and secondary schools offering either the senior or junior ROTC (Reserve Officer Training Corps) programs in the five-state area of Texas, Arkansas, Louisiana, New Mexico and Oklahoma, will attend a conference Sept. 19-20 at Headquarters Fourth U. S. Army, Fort Sam Houston, Texas.

This will be the first opportunity for military instructors at some secondary schools just starting the junior ROTC program to participate in a conference of this type at the headquarters.

Col. William J. Stover, deputy chief of staff for reserve forces, will head a panel of Fourth Army headquarters officers discussing such topics as the world situation, security of ROTC arms rooms, two- and four-year ROTC scholarships, summer camp planning, enlisted promo-

Professor Cole Gets Commendation

Assistant Professor Robert V. Cole, Jr., Foods and Nutrition Department, School of Home Economics was recently awarded a Letter of Commendation from Brig. General Felix A. Davis, Commanding General, 75th Maneuver Area Command, Houston. Professor Cole, a Captain in the Army Medical Service Corps was especially commended for his outstanding contribution in the areas of Food and Personnel management, Food Preparation and Service during the 75th's recent Annual Clover Leaf Exercise at Ellington Air Force Base, Houston, Texas.

A long-time Army Reservist, Captain Cole served in the Southwest Pacific Area During World War II and was commissioned a 2nd Lieutenant in January 1951.

Capt. Cole, his wife and three children reside at Prairie View, Texas.

tions and the use of ROTC liaison officers.

"Added benefits authorized by the ROTC Vitalization Act of 1964 and the desire of young men to best prepare themselves to serve our country are two of the prime reasons for increased emphasis on the ROTC programs at both secondary school and college level," Colonel Stover points out.

LTC L. J. Stark, newly assigned Professor of Military Science at Prairie View A&M College, will represent Prairie View at the conference.

Panthers Look Good While Losing Opening Game 14-7

The Prairie View A&M Panthers dropped their first game of the grid season 7-14 to the Jackson College Tigers in Jackson, Mississippi Saturday.

Two long touchdown passes spelled doom for the Panthers who outplayed the Tigers in every other department.

The first TD pass came as the game opened when quarterback Jackson threw 75 yards to Werner. The same combination produced the second Tiger score in the second quarter. Both Tiger kicks for extra points were good.

Trailing 14-0 at halftime, Prairie View came to life in the third period. Led by Willie Dearion, they carried a drive down to the Tiger four yard line where Frank Perry plunged for the score. James Williams kicked the extra point.

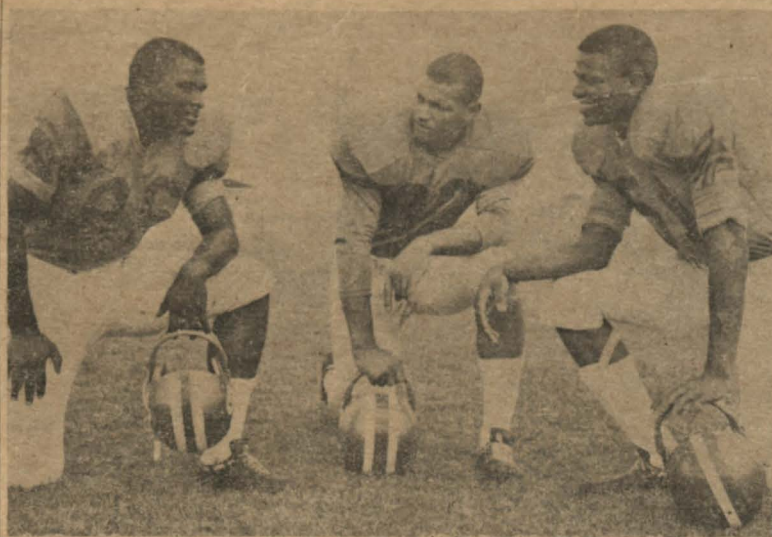

The Panthers were driving hard near the end of game, but were stopped on the 25. James Williams attempted a field goal during the closing minutes but it was wide.

Quarterback Leon Carr was effective in his position while Willie Dearion picked up 71 yards rushing. The Panther defense, other than passes, was up to usual PV strength.

FOOTBALL SEASON TICKETS ON SALE

The business manager of athletics, Mr. L. V. Francis is offering season athletic tickets worth \$24 for only \$12.50.

Four home football games are included plus 13 basketball games and other sports events.

PANTHER CAPTAINS — The 1966 Prairie View A&M College grid squad has good leadership in three fine captains, all seniors from East Texas. George Shankle (left) is a 6'3", 227 pound end from Longview. Alvin Reed (center) also an end, is 6'4", 230 pounds and hails from Kilgore. Kenneth Houston (right) of Lufkin plays center and is 6'3", 205 pounds. This trio is helping form the nucleus for a promising team under the coaching of Hoover Wright at PV.

PV Faces Jaguars Saturday Open Home Stand Next Week

Coach Hoover Wright and his Panthers will meet their second major conference foe at Southern Saturday and return next week to open here with the 1965 loop champs, Grambling College.

It looks like rough going for another two weeks at least as The Panthers waded through the heaviest part of the 1966 schedule. Both Teams Saturday will be looking for their first victory. Prairie View dropped its opener to Jackson 7-14, and TSU nipped Southern.

Panther coaches have worked hard this week on pass defense. This was the weak spot in Saturday's loss to Jackson.

The PV-Grambling battle on

October 1 should develop as the top home game of the year. The Tigers will again field a colorful team, and they have been picked by some observers to win the conference championship again this year.

SUPERSTAR — Otis Taylor of the Kansas City Chiefs has been described by his coach as "The finest flanker prospect to come into the AFL since Lance Alworth." The former PV star is going great for the Chiefs, and he's just getting started. As Taylor moves into his sophomore season in the AFL he realizes that he has a lot to learn. "I can feel that the other players have confidence in me. They're depending on me. I can't think about anything else except to repay that confidence with a good game," Otis replied.

LAST WEEK'S RESULTS
Grambling 14, Alcorn 13; Jackson State 14, Prairie View 7; TSU 20, Southern 14; Arkansas AM&N 59, Mississippi Valley 20.

THIS WEEK'S SCHEDULE
Arkansas AM&N at Lincoln University, Jefferson City, Mo., 2 p.m.; Alcorn A&M at Jackson State, 7:30 p.m.; Prairie View A&M at Southern University, 7:30 p.m.; Wiley College at TSU, 8 p.m.

PV-ites In Service

Five outstanding graduates of the Prairie View A&M College are now serving in the Armed Services.

They are 2/Lt. Verlon Strippling, of Garrison, Texas, and a 1966 graduate of Prairie View. Lieutenant Strippling will attend the basic officer course for Medical Service Corps officers at the Medical Field Service School, Brooke Army Medical Center, and then be assigned to BAMC headquarters at Fort Sam Houston in San Antonio, Texas. 1/Lt Jessie M. Jacobs of Orange, Texas who recently completed the orientation course for U. S. Air Force Nurses at Sheppard AFB, Texas; A 3/c Johnnie C. Caldwell, a jet aircraft mechanic, from Tyler, Texas. Major Alceste M. Drisdale, who has been graduated at Sheppard AFB, Texas, from the training course for U. S. Air Force Medical Technical instructors, and 2/Lt Jimmy Ray Jordan of Fort Worth, Texas. Lieutenant Jordan, selected for Officer Training School through competitive examination, is being assigned to Sheppard AFB, Texas, for training as a data processing officer.
