Editorial Work Begins on 1965 Yearbook

Over fifty students attended the organizational meeting for publication of the 1965 Yearbook held Thursday night in the Memorial Center.

Lonnie Hunt, Editor in Chief of the Annual, was in charge of the initial staff meeting. He was assisted by Dr. C. A. Wood, faculty adviser and other student publication leaders. Hunt was approved as editor by the Yearbook Advisory Committee, which is composed of students and faculty members.

PHOTO SCHEDULE SET
Selection of a yearbook photo-

grapher has been one of the chief concerns of the staff. While definite dates have not been set for shooting individual photos, it is believed that the sizeable job will get underway next week. A schedule for classes, faculty and staff will be posted by Monday.

This is the first time in the history of the college that a Yearbook is a certainty at the beginning of the school year. The Yearbook was included in the activity fee this year and every student is entitled to a copy of the book. The financial

problems that have plagued other yearbook enthusiasts over the years are now a matter of the past.

It is estimated that the book will run close to 300 pages and will definitely be ready for delivery in May.

Approximately sixty students have volunteered to serve on the 1965 yearbook staff. They are: Elaine Francis, Robert McMillan, Carolyn Robinson, Maggye Ransom, Margaret Owens, Norman L. Miller, Willie Larry, Jr., Alfred L. Earle, Marie

Student Administrators Named

These students will lead campus activities this year.

STUDENT COUNCIL PREXY is Richard B. Lockett, Jr. Lockett is a Senior Biology major with emphasis on Pre-Medical studies from Houston. He is a graduate of Kashmere Gardens High School-Houston where he ranked second in his class. Here at Prairie View he is a member of Alpha Pi Mu Chapter of Alpha Kappa Mu National Honor Society, Beta Kappa Chi National Scientific Honorary Society, Commander (with the rank of Cadet Major) of Company E of the ROTC and a member of the Barons of Innovation Social Club. Lockett's office is 206 D in the Memorial Center.

MISS PV is Miss Marie Johnson, a senior Mathematics major from Houston. Marie is the daughter of Mr. and Mrs. William G. Johnson. The twenty year old PV-ite graduated fourth academic-wise from G. W. Car-

ver High-Houston. Matriculating here at Prairie View, Marie is Vice President of Kappa Omega Beta social club, a member of the Mathematics Club and is extremely active in other campus activities.

BRIGADE COMMANDER of the ROTC Corps is Cadet Lionel J. Adams. Adams is a senior Math. major, Physics minor from Dallas. A graduate of Lincoln High school-Dallas Adams, currently a Cadet Lt. Colonel (the same rank he achieved in the NDCC Corp at Lincoln) rated number one of all PV cadets attending camp at Ft. Sill, Oklahoma. He was in competition for top honors at Ft. Sill with cadets from forty-three colleges and universities throughout the southwest. Adams succeeded in being in the top five percent of all cadets in his company at camp. He is the son of Mrs. Ada Adams of Dallas.

PANTHER NEWSPAPER EDITOR, Marjay D. Anderson is a Junior Pre-Medicine major from Kilgore. She is the daughter of Mr. and Mrs. J. Daniel Anderson. Marjay is a graduate of C. B. Dansby High-Kilgore where she ranked first academic-wise in her class. At Prairie View, she is a member of the Newman and Biology Clubs, YWCA, and has served as Press Club President and Secretary of the Governing Board of the Memorial Center (1963-64). Her

"The Voice of the Students of Prairie View"

Volume 39, No. 1

Prairie View A. & M. College, Texas

September 25, 1964

TEXANS IN WASHINGTON — President Lyndon B. Johnson greets Dr. E. B. Evans during a recent meeting in the White House. They talked for several minutes about "old times" and progress at Prairie View and in Texas.

"Operation White House" to Provide Better Knowledge of Electoral System

The Presidential election comes on November 3, and Prairie View has its own election center to study it.

The purpose of the 1964 Presidential Election Study Center is to help Prairie View students understand better the workings of our electoral system, using the 1964 campaign as an example.

"The more a student knows about how we elect our Presidents, the better informed and more constructive a citizen he will be," says Mr. George T.

Eaton, director of the center.

"Operation White House," as the center has been nicknamed, is sponsored by the Department of Political Science with the active cooperation and material assistance of all officials of the Student Center.

It is located in Room 135 of the Student Center, directly across from the Post Office.

Mr. Eaton emphasized that he is inviting all interested students, regardless of their majors or their status, to participate in the study. The only requirement is that every volunteer be genuinely interested and ready to work. Any interested student should visit Room 135 in the afternoons or contact Mr. Eaton in Education 103.

The center's study will concentrate on the national and regional polls, the important issues and how each candidate stands on them, and the candidates as men and as politicians.

Other important subjects for study are the opinions and preferences of Americans by interest group, foreign reaction to our election, and the "backlash," "frontlash," and other topics peculiar to this year's election.

In addition, the group will study the campaign in Texas in particular. A campus poll is planned as well.

Shortly before the election, "Operation White House" expects to issue its detailed pre-

Press Club Will Publish Second Student Directory

The Student Press Club is scheduled to publish a second directory of students and faculty which will consist of complete listings and information of students and all staff members.

Listings for the directory will include campus addresses, home addresses, and major for all students. For all staff members, home addresses and telephone numbers will be listed. To complete the listings, all general operations of the college, as well as residence halls will be included.

If for some reason any student did not fill out the data on the yellow information and publication card during registration, he is asked to stop by Room B-6 Administration Building in order that his name will be included in the directory.

Cards are being mailed to staff members which should be returned as soon as possible.

Completion of the faculty student directory is expected to be early this semester. Marjay D. Anderson is chairman and Dr. C. A. Wood is faculty adviser.

PV Prof Discusses Topic in Magazine

"The Revolution in Engineering" is discussed in an article written by Dean C. L. Wilson and appearing in the September issue of the Texas Professional Engineer.

The magazine is the official publication of the Texas Society of Professional Engineers.

Dean Wilson describes the revolution in the engineering profession as "a function of the rate of change in our society caused by social, political, and technological forces." "The present technological changes together with the social changes throughout the world have created an increased demand for competent engineers whose training is based on the modern developments in science and mathematics", Wilson said.

The Prairie View dean called upon engineers to seize the initiative and act as a bridge between science and human needs.

prediction of the results of the election.

TWO NEW DORMS — Presently under construction are two modern dormitories for nearly 1,000 men and women. The new facilities will be four stories and completely air-conditioned.

Four New Staff Members Added To Military Science Department

Lt. Colonel Arthur N. Fearning, PMS, welcomed four new members to his staff during the summer. They are Captain Jiles P. Daniels, Master Sergeant Robert G. Cox, Sergeant First Class Fairbanks Jones, Jr., and Sergeant Joseph P. Johnson, Jr.

Captain Daniels, a 1954 Prairie View graduate and native Texan, returned to his Alma Mater from a tour in Vietnam. He is an Assistant Professor of Military Science.

Sergeant Cox, an eighteen year veteran, came to Prairie View from Fort Leonard Wood, Missouri. Sergeant Cox has been assigned as the Chief Clerk of the Military Detachment.

Sergeant Jones arrived at Prairie View from Fort Chaffee, Arkansas. He is the detachment's Supply Sergeant. Sergeant Jones served in this same capacity at Southern University, Baton Rouge, Louisiana, in 1956. He is a 1949 graduate of Philander Smith College.

Sergeant Johnson has been assigned as the Assistant Sup-

ply Sergeant and the Rifle Team advisor. He arrived at Prairie View from Germany.

Notes from Security

If everyone lived in Utopia, there would be no need for guardians of law and property. Needless to say, our society, whether campus, city or suburban, does not exist in a State of Utopia, therefore, the need for officers of the law must be fulfilled.

Your campus Security Officers are provided to help enforce the rules and regulations necessary to campus life. The offices of the Dean of Women and Dean of Men have issued handbooks listing these regulations whereby campus conduct is limited. Each student enjoys freedom within the framework of these regulations. Please read and thoroughly learn these regulations so that you may enjoy campus life here at Prairie View.

John L. Lewis
Chief of Campus Security

Episcopalians to Observe Feast Of St. Francis of Assisi Soon

The feast of St. Francis of Assisi, Sunday, October 4, is the patronal festival day of the Episcopal parish in Prairie View.

Solemn High Eucharist will be offered in the church at 3:30 p.m. followed by an outdoor procession to the picnic grounds for a covered dish supper.

The liturgical music will be sung by the Scola Cantorum, a

Houston liturgical music group, and the choir of St. Francis' Church. The celebrant will be Father James Moore, vicar at St. Francis' Church, with Father Ralph Shuffler as deacon, and Mr. James Ramsey as subdeacon. The Rev. Father James Murray will preach the sermon. St. Francis' Church extends an invitation to the community and college to attend these services.

Dr. Thomas Miller

Funeral Services For Dr. T. Miller

Funeral services for Dr. Thomas W. Miller, 38, professor of Industrial Education at Prairie View A&M College, were held Friday, September 18, at his native home in Iola, Kansas.

Several members of the School of Industrial Education staff at Prairie View attended the ceremonies held at the Ward Chapter A. M. E. church in Iola. Dr. Miller died in the Veterans Hospital, Houston, Texas, after several months of illness.

Services were not held at Prairie View, but the body was made available for viewing last Tuesday at the Johnson Funeral Home in Houston. Arrangements were handled in Kansas by Porter-Kinser Funeral Home. He is survived by his wife, Mrs. Elaine Miller, Prairie View; mother, Mrs. Vedia Williams and stepfather, George Williams of 4021 Indiana, Kansas City, Mo., and two brothers.

A graduate of Lincoln University (Missouri), Dr. Miller was

Area Scouters Set Activities for Year

Activities planned in the E. B. Evans scouting Division include the Fall Camporee for scouts and explorers on October 3-4, visit of a national council staff member on October 23, and the Explorer Field Day at Prairie View on October 24.

The Camporee is scheduled to be held at B. T. Hogan Ranch, about two miles northeast of Independence.

Harry H. Haysbert, assistant national director of volunteer training, will attend the October Roundtable and Division meeting scheduled at Prairie View on October 23. Mr. Haysbert, who works with Negro leaders in Boy Scouts Councils throughout the South, will speak to adult scout leaders of the division.

Explorer scouts in the division will be special guests at the Prairie View-Arkansas game on Saturday, October 24. The occasion is the second annual Explorer Field Day.

employed at Prairie View A&M in 1958. He had previously served as a teacher at Douglas High School, Hannible, Mo. He earned both the Masters and doctorate degrees in Industrial Education at the University of Missouri.

In addition to his teaching assignment at the college, Dr. Miller was active in student organizations in the school of Industrial Education and served on several college-wide committees. He was a very active member in the local graduate chapter of Alpha Phi Alpha Fraternity, an organization which is instrumental in establishing the "Thomas W. Miller Memorial Fund" to his memory.

Scholarship Committee Announces Awards to Forty-Two Students

The Committees on scholarships and prizes at Prairie View A. and M. College has announced the awarding of \$10,600 in scholarships to 42 students, Dr. J. M. Drew, committee chairman announced.

The largest number of these awards are scholarships provided by Houston Endowment, Inc. to students in agriculture, home economics and music. These scholarships are \$250 each to 30 students. Other scholarships listed are Sears-Roebuck, \$300 each; Dow Chemical \$500, the Lee C. O'Neil Scholarship (\$750) and Bruce McMillan, Jr., Foundation Scholarship (\$200-300 each).

Other scholarships and awards given by individuals and other sources will be announced as students are selected. Many such awards are made directly to students and come from all sections of the state.

Students receiving scholarships and their hometowns are as follows:

Jesse Jones

Agricultural Scholarships

Henry Bostic, Brookshire; Bryson Brown, Giddings; Don Clark, Cleveland; Edwin R. Burton, Waelder; Otis D. Evans, Brenham; Leo Johnson, Palestine; Wardsworth Soders, Marlin; Billy K. Solomon, Oakwood; Everett S. Thomas, Sulphur Springs; Richard K. Watkins, Huntsville.

Jesse Jones

Music Scholarship

Frankie Ball, Seguin; Rudy Busby, Beaumont; Bob H. Duck-

ins, Temple; Joyce Henry, Navasota; Joan Y. Holbert, Waco; Leslie Maxey, Houston; Fayetta Moore, Tyler; Georgia Pollard, Caldwell.

Mary Gibbs Jones Home Economics Scholarship

Vera S. Adams, Bryan; Jimmie J. Cammon, Rogers; Mary L. Hornsby, Bay City; Eleanor E. Lister, Carthage; Merlie J. Phlegm, Cold Springs; Barbara Shavers, DeKalb; Johnnie R. Smith, Palestine; Sandra Tucker, Groesbeck; Ann P. Williams, Calvert; Marian L. Wilson, Palestine; Betty J. Young, Wharton.

Sears-Roebuck Scholarship

Ernest E. Barnes, Waelder; Ruby Mae McGowan, Elm Mott; Billy C. Scott, Fayetteville.

Dow Chemical

Company Scholarship

Sammie Leon Thompson, Bryan.

Lee C. O'Neil Scholarship

Wilma Mann, Lubbock.

Bruce McMillan Jr.,

Foundation Scholarship

Donetta Beverly, Kilgore; Mack Bradfor, Henderson; Barbara A. Jones, Overton; Johnnie Mae Jones, Henderson; Elizabeth Martin, Overton; Willie H. Miner, Jr., Troup; Gloria Neal, Kilgore; Euthophus Tyiska, Overton.

A bad memory today really is an asset. It permits you to enjoy an old movie on television without realizing you saw it years ago. — Wall Street Journal.

National Teacher Exam To be Offered Four Times Annually

College seniors preparing to teach school may take the National Teacher Examinations on four different test dates each year instead of one. Educational Testing Service announced today.

New dates set for the testing of prospective teachers are: December 12, 1964; and March 20, July 17, and October 2, 1965. The tests will be given at more than 550 locations in the 50 states, ETS said.

Scores on the National Teacher Examinations are used by many large school districts for employment of new teachers and by several States for certification or licensing of teachers. Some colleges require all seniors preparing to teach to take the examinations.

Lists of school systems which use the examination results are distributed to colleges by ETS, a nonprofit, educational organization which prepares and administers the examinations.

On each full day of testing, prospective teachers may take the Common Examinations, which measure the professional and general preparation of teachers, and one of 13 Teaching Area Examinations (formerly called Optional Examinations) which measure mastery of the subject they expect to teach.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

A Bulletin of Information containing registration forms, lists of test centers, and information about the examinations may be obtained from college placement officers, school personnel departments, or directly from National Teacher Examinations, Educational Testing Service, Princeton, New Jersey 08540.

Husband, finding holes in his socks: "Didn't you darn these yet?"

"Did you buy me that coat you promised me?" she asked. "NO-O-O!" he answered.

"Well, if you don't give a wrap, I don't give a darn," she retorted.

new doctor in the School of Arts and Sciences received his A. B. and M. A. Degree from the University of Florida and his Ph. D. from George Peabody College for Teachers. Dr. Armstrong has done Post Doctoral Studies in Special Education at the University of Houston. Dr. Armstrong's family consists of his wife, Mrs. Mary Lou Armstrong, two daughters, Kathleen and Mildred and one son, Noble Boyd, Jr. The Boyds come to Prairie View from Houston, Texas.

The third doctor in the School of Arts and Science, teaching Physics is Dr. Pedro A. Oliver. He received his B. S. from Matanzas Institute in Cuba, and his Ph. D. from Havana University, See NEW TEACHERS, Page 4

Three Veteran Employees Retire

A special banquet honoring three retiring staff members at Prairie View A. and M. College was held Wednesday evening, August 19 with approximately 200 faculty members and visitors attending.

An announcement of the retirement of Mrs. Elizabeth May Galloway, O. J. Thomas, and Ernest Walker was made earlier by President E. B. Evans. The three staff members have reached retirement age.

Dr. Evans suggested the recognition banquet and appointed a committee of faculty members to make plans for it. The Prairie View president said, "These three employees have given a larger portion of their adult lives to the service of the college community. They have made many friends for the institution throughout the state and nation."

Mrs. Galloway, dean of the School of Home Economics, has been a member of the college staff for 41 years. Mr. Thomas serves as director of the Inter-scholastic League and Placement Office. He is a graduate of the college and has been either directly or indirectly connected with Prairie View since his student days. Mr. Walker, an Experiment Station employee, began working for the college at 17 years of age.

The Banquet Committee was composed of Dean G. L. Smith, chairman, O. J. Baker, Dr. Flossie Byrd, Dr. J. W. Echols, Mrs. Rose E. Hynes, Samuel Montgomery and Dr. T. R. Solomon.

Civil Service Positions Open

Applications are now being accepted for the 1965 Federal Service Entrance Examination, the U. S. Civil Service Commission has announced. This examination, open to college seniors and graduates regardless of major study, as well as to persons who have had equivalent experience, offers the opportunity to begin a career in the Federal service in one of over 200 kinds of positions. These positions are located in various Federal agencies both in Washington, D. C. and throughout the United States. A few overseas positions will also be filled.

Depending on the qualifications of the candidates, starting salaries for persons appointed from this examination will be \$5,000 and \$6,050 a year. A written test is required, except for those candidates who have attained a sufficiently high score on the Graduate Record Examination Aptitude Test. Applicants who file by September 17, 1964 will be scheduled for the first written test on October 17, 1964. Six additional tests have been scheduled. The closing date is **April 15, 1965.**

A limited number of Management Internships with starting salaries of \$6,050 and \$7,220 a year will also be filled from this examination. An additional written test is required and addi-

Sgt. Fairbanks Jones
Military Science

tional education or experience is required for the positions paying \$7,220 a year. Applications for these positions must file by **January 21, 1965.**

Details concerning the requirements, further information about the positions to be filled, and instructions on how to apply are given in Civil Service Announcement No. 333. The announcement may be obtained from many post offices throughout the country, college placement offices, Civil Service Regional Offices, or from the U. S. Civil Service Commission, Washington, D. C. 20415.

What this country needs is a lady's shoe that is larger on the inside than on the outside. —Maureen Coper.

Public Health Nursing Director is Chosen to Sigma Theta Tau

Miss Sedelia Wilson, R.N.

Mrs. Sedelia Wilson, director of the public health nursing program at Prairie View A&M College has been accepted for membership in Sigma Theta Tau, a professional honorary society in the field of nursing.

The veteran nursing leader at Prairie View was initiated into Psi Chapter at the University of Washington in Seattle. Mrs. Wilson received her Masters degree in Nursing at Seattle, graduating at the top of her class.

Membership in the national honorary society is based on scholarship attainment and demonstrated leadership ability.

Mrs. Wilson is credited with establishing the public health nursing program at college. A part of the four-year nursing curriculum, public health has developed into one of the most important programs at the college.

The department offers practical experience for nursing students through special health services to families in Waller and adjoining counties. Several years ago Mrs. Wilson was instrumental in organizing the Waller County Health Association which gives continuous aid to the public health program.

Get Tough and Get Going

by Marjay D. Anderson

When the going gets tough — the tough get going. With the growing enrollment of American colleges and universities, supreme educational achievement is imminent. There is a mass struggle to learn and achieve those things and/or luxuries of daily living which are essential for individual satisfaction.

Why college! No "why" question can be answered wholly without some doubt. However, to "go to college" provides a scapegoat with many facets for a number of people. Acquiring admission to an institution of higher learning nevertheless is only a beginning. To begin building a fantastic determination and will power to stay in school exemplifies the core of the "going to college" situation. The actual reasons for entering an institution of higher learning are widely diversified.

Once the step has been made, however, there is a terrible fight staged to turn back or not to turn back. The best remedy to alleviate the problem is to face up and back up the wise, important decision made. This takes courage, and will power among other distinct configurations common to man for coping with a huge problem.

The transition to college life is not necessarily difficult. The entire college staff, instructors, and other personnel are able to give a student optimum service and assistance in his pursuit of an education.

Make the best of the situation! Develop a strong will power, courage, a bull-dog tenacity! Wake up, Straighten up, Look up, GET TOUGH and GET GOING!

Book Store Problems

There it is; the long, long, hot, BOOK STORE line.

Many PV students have been striving to procure their books and other school supplies for approximately nine days now. And alas, some of them haven't succeeded yet!

The difficulty stems from some disorder in our College Book Store. It is inconceivable to think of standing in a line one - two - and even three hours and still not be able to make a purchase! Nearly every student has experienced this already and it is most certainly not a pleasant ordeal in any manner.

However, the worst part is over, but some positive action definitely needs to be introduced to alleviate the problem — whatever the nature of it may be. It may be a much too complicated system; an intense degree of supply shortage, a small, crowded space area; a shortage of change; incompetence of cashiers — Who knows? Nevertheless, in making sure that this problem doesn't repeat itself, ACTION on innovating the purchase of supplies process should be initiated immediately! When classes begin, students NEED BOOKS today, not tomorrow! They shouldn't be compelled to wait a disgraceful unnecessary time either. It's certainly not surprising that many students go elsewhere to buy their supplies. Why patronize another campus' facilities? We have a BOOK STORE — even though it presents problems which can be solved with a little consideration.

— Marjay D. Anderson

Editor's Scratch Pad

"In Today Already Walks Tomorrow." Scope: classes of 1965, 1966, 1967 and 1968. Preparing today insures readiness tomorrow in coping with our modern, complex world. . . .

Welcome to Prairie View. . . .

Since this is OUR alma mater, adoption of the slogan — We PV-ites would rather fight than switch should be imminent. . . .

"Flunk now and avoid the rush" was a statement humorously overheard in a session. . . .

With the start of a most promising year, it is earnestly hoped that the ever present spirit of Prairie View will be allowed to permeate every aspect of college life and activities successfully. . . .

The PANTHER spotlight is now on the almighty PANTHER football team - champs of the SWAC last year. Chances are that they're up for a repeat performance. . . .

It is most gratifying to old PV-ites to see new dorm construction sites progressing. . . .

At the outset of this academic year, the pursuit of excellence should be utmost in thoughts of the Prairie View student. . . .

Criticizing

The purpose of the PANTHER is solely to serve as a medium for expressions of the voice of the students here at Prairie View. YOU the student determines the content of the paper. YOU are the students. YOU belong to the clubs and organizations. YOU comprise members of the athletic organizations. YOU make the honor roll. Inavoidably, YOU are the news.

The PANTHER staff is comprised of students who give their extra time in assembling the newspaper. They are human, consequently human errors can be expected.

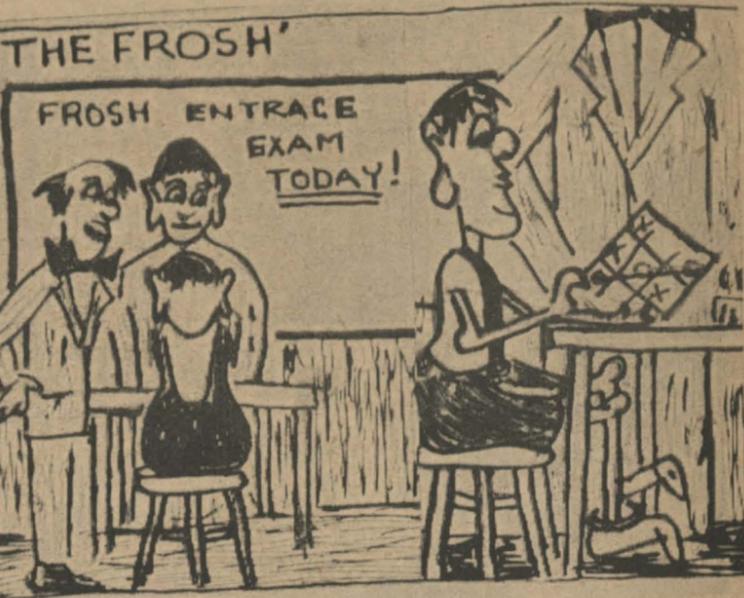

All interested students are welcomed to submit ideas, innovations, and articles for the betterment of your student newspaper. Be positive and purposeful thinkers and voice your opinion (s) where it will do some good. Let the staff know outwardly, in a face-to-face fashion, your ideas. After all this is the voice of the students of Pantherland.

Your Greatest Asset

by Elsenia Soders

Many times when one talks with a college student, the question - "Why are you here?" - often finds its way into the conversation. Varied answers have been received in response to this question and since most of us are familiar with them, it is unnecessary to list them here. However, in regards to the answer to that question, it is felt that there should be only one answer - To prepare oneself for the future. This being true, at present, it is the general public opinion that the only sure way of preparation is a college education.

Certainly, there are those people among us who feel that a college education is not a necessary asset for success, but the successful people who are not college graduates are certainly very infrequently found in relation to those successful people who did continue in college to receive a degree. With the high unemployment rate which faces our country today, one should certainly be able to see that the

"THE FROSH" taking ENTRANCE EXAMS

As Attractive as Can Be

by Jacqueline Williams

Are you attractive? Of course you are! Do you feel at ease in all social situations? Sure you do! Or don't you?

At any rate, any girl will be more attractive and have more self-confidence if she has: (a) Fastidious grooming — always neat, clean and fresh looking. (b) Her clothes well pressed and worn in the right way with "an air".

One essential to grooming is that of spic-and-span neatness — attention to every detail. After all, an intelligent girl can let her "head save her heels". It all depends on the conviction that it pays. Do you have the necessary will power?

Although a girl has a lovely personality and although she has well chosen clothes, becoming and well-tailored, she may not wear them in just the right manner. Wearing your clothes correctly demands good posture, of course, and good grooming, of course. Besides these requirements, the whole costume should create a rather simple effect with some dash of interest.

If you are as attractive as can be you are happy in your clothes and self-confident or poised because you know you are appropriately dressed. You want your friends too, to like your clothes because they are in a style suited to you. A sensible way to get started is to (a) Practice in "Dress Right Week" sponsored by the Women's Council. (b) Attend or take part in our An-

nual Style Show - Thursday, October 1, 1964. These activities are designed to help you be as attractive as can be. The up-and-coming Prairie View Co-ed exemplifies these activities. You can be one.

True Prairie Viewites

by Mannaser Marshall

The members of the Freshman Class wish to be accepted as true Prairie Viewites.

After having stood in the never-ending lines, pushed on the wrong doors and asked stupid questions, we feel that, surely, we must be on the road to becoming true Prairie Viewites.

The upper classmen have contributed greatly toward this end. They have assisted us in mastering the most exacting course — Bid Whist, and in identifying the most important building — The Student Union.

We have experienced what every entering freshman must experience and have learned the most essential things concerning the campus.

If we are not eligible to be called true Prairie Viewites now, then certainly we need only to fail our first exam.

The abundant supply of beef which consumers have enjoyed this past winter and spring, will continue through most of this year. Most of this meat will come from cattle that were grain fed to produce top grades of beef. So bring out the barbecue grill — there'll be plenty of high quality steaks, say Extension Service foods and nutrition specialists.

head of the Department of Business.

Also joining the Prairie View faculty in the School of Arts and Sciences are Charles R. Williams, Economics; Monroe W. Lawson, Education; Hazel M. Williams, English; Walker E. Hunt, Mathematics; Gladys Maribara Jacket, Physical Education; Ally Faye Calhoun and George T. Eaton, Political Science; Mrs. Daisy B. Smith and Mrs. Evelyn P. L. Johnson, Sociology.

In the department of Military Science the new instructors are: Jiles P. Daniels, Captain; Robert G. Cox, M/Sgt.; Joseph J. Johnson, Sr., Sgt.; and Fairbank Jones, Jr., SFC.

Joining the Prairie View Staff in the School of Engineering are: C. T. Luke, D. E. Moore, James A. Anderson, R. N. S. Rao, and James B. Anderson.

The School of Home Economics received two new instructors, they are: Delores Ashley and Mrs. Dymple Cooksey.

also of Cuba. Dr. Pedro has done further work at Texas A&M University. He is the husband of Mrs. Yolanda Oliver and they have four daughters, Yolanda, Marta, Lourdes and Olga. At present Dr. Oliver's home address is Bryan, Texas.

Moving into new positions are Dr. F. M. Byrd and William Franks. Dr. Byrd is acting head of the School of Home Economics and Mr. Franks is acting

Nurses' Notes

Greetings to Freshman Nursing Students

Santa Filomena Social Club welcomes you to Prairie View A&M, and to PV's school of Nursing. We sincerely hope that your years here will be successful both academically and socially.

Santa Filomena's membership consist of nursing students beyond the freshman year. The purpose of our club is to provide both cultural and social activities, which will be an asset to all students at Prairie View A&M; and to stimulate intellectual resourcefulness among students enrolled in the school of Nursing.

Our club was organized in 1961, by a group of Jr. Nursing students in the clinical area at Jefferson Davis Hospital, Houston, Texas. Previously, nursing students were not able to pledge

membership to other social or cultural clubs on campus because clinical practice limited our residence on campus.

The words Santa Filomena are Italian meaning "The Lady of the Lamp." This is the title which was given to Florence Nightingale by Longfellow during the Crimean War in reference to her services rendered. Miss Nightingale was a means of comfort and hope for the wounded and suffering.

It is our ambition to give to our chosen profession the symbolism and meaning that the founder of modern nursing, Florence Nightingale gave.

Best wishes for a prosperous year and we hope to hear of you pledging for Santa Filomena in your sophomore year.

Joyce M. Adams

Foreign Policy

The number-one objective of our foreign policy is, in the words of the preamble to our Constitution, to "secure the Blessings of Liberty to ourselves and our Posterity." Its primary concern is the safety of our nation and its way of life.

We can be safe only if our environment is safe. And today the environment which we must try to make and keep safe is no longer local, or regional, or hemispheric — it is worldwide. It includes all the land and the waters and the air of the earth — and reaches as far out into space as man can maintain instruments capable of affecting life on earth.

Foreign policy is as close to every citizen as the taxes he pays to support this great struggle for freedom — more than \$300 per year for every man, woman and child in the United States. It is as close as his job or the price he gets for his farm products. It is as close to every citizen as his own dreams for the future.

But the world will remain extremely dangerous until the Communists abandon their ambitions for their kind of world revolution and until critical political problems are solved, such as the division of Germany and

Berlin, the aggression against South Viet-Nam and the use of Cuba as a base for undermining the independent nations of Latin America.

And the world will remain extremely dangerous until armaments, especially the super-weapons, are brought under control.

We are the most powerful nation the world has ever known — militarily, economically, in every material way. And despite all that has been written about the Soviets' rate of growth, our income, both national and per capita, has increased more than the Soviets' in the last 12 years. The Communist world as a whole is experiencing difficulties in production, especially in food production. And the standard of living in Red China is lower now than it was before the "great leap" backward began in 1958.

The survival of man is no longer a matter merely for philosophical speculation; it is an operational problem for governments and is involved in their daily decisions. The first visceral reactions to the day's news could lead to catastrophe. Prudence requires the highest intelligence and the deepest wis-

Council Begins Year With Installation Banquet

Friday night at the occasion of the student council installation banquet, the officers and members of the student council received the challenge of leadership.

The principal speaker, Lt. Col. Arthur N. Fearing in moving and inspiring military eloquence delivered several challenges to the student body leaders. Among these were the challenges of leadership, integrity, and action. He gave the challenge of action saying "to err in action" is better than "complete stagnation." Lt. Col. Fearing enumerated the several known qualities of leadership possessed by the president and vice-president of the council, both men being advanced military science students, and congratulated them on their past achievements. In the course of his very splendid address, he gave all in attendance inspiration and courage for the work ahead of them.

Dr. George Stafford, Director of the Counseling Center, formally installed the officers and challenged them to the responsibility of bearing the torch. He warned against false vanity in a poem entitled "The Torch." Dr. Stafford left them with this meditation, "It is the torch that the people follow... Whomever the bearer be."

In the closing statement to the ceremony, Dr. E. B. Evans challenged the council to formulate goals, aims and objectives. He suggested that these aims and objectives be centered around higher scholarship, integrity, and finer womanhood. He suggested that the long range objective of the council be the respect and uplifting of the Negro race.

Miss Marie Johnson, Miss Prairie View, 1964-65, presided over the installation and the invocation was delivered by Mr. Oliver Brown, Superintendent of the Sunday School. Those assembled also heard remarks from Dr. T. R. Soloman, Dean of Students.

Those attending the student council installation - banquet were Richard Lockett, president, Rudolph Portis, vice-president, Oliver Brown, Marjay Anderson, Scott Thomas, Alberta E. Soders, Jean Taylor, Edward Kuykendall and James Page. Also in attendance were Mrs. R. L. Bland Evans, Dean of Women and Rev. W. Van Johnson, Director of Student Activities.

We do not improve upon the ancient Romans if we turn aside from consulting the entrails of geese merely to consult our own. We need wisdom — thoughtful, prayerful, prudent, dedicated wisdom—to lead man through these problems in the next decades in front of us.

Orientation

Freshman orientation activities culminated with a special Vesper service Sunday, September 13.

Appearing on program were campus leaders who welcomed and greeted the class of 1968. Richard Lockett - Student Council prexy, Marie Johnson - Miss PV, and Miss Mary Hill - YWCA prexy greeted the freshmen.

Mamie Hughes - Sec'y of the Women's Council recited "A Freshman Prays." Oliver Brown was master of ceremonies and Joseph P. Daniels - ROTC Band director, led the capacity crowd in group singing. Benediction was given by Rev. W. Van Johnson.

COUNCIL PRESIDENT AND VICE-PREXY INSTALLED — Richard Lockett and Rudolph Portis receive challenge from Dr. G. R. Stafford during services.

Five Seniors Receive Commission

Billy P. Smith, Chemistry major from Texarkana, Roy L. Rogers, pre-Medical student from Dickinson, Cleophus White, Chemistry major from Nacogdoches, C. J. Deason, Civil Engineer major from Barnum, and Fredrick J. Batts, Biology major from Houston, realized the ultimate attainment at Prairie View A&M during the August Commencement ceremony - the receipt of their degrees and a commission in the United States Army. These newly commissioned Lieutenants and college graduates came to Prairie View with the expressed intention of successfully completing the college's requirements for graduation.

Upon enrolling in the ROTC program as freshmen, they readily realized that they could

prepare themselves concurrently for two careers, in a civilian pursuit and as an officer in the United States Army. The choice and decision was their's. Upon completion of their first semester, they decided to prepare themselves for entry into the advanced course of Military Science. Each of them completed the advanced course as did thirteen of their classmates who were commissioned in May.

Successfully completing all requirements for graduation and commissioning, these men are prepared to take their places in society; some in civilian pursuits after fulfilling their military obligation, others in a military career. Commissions were awarded in the following branches: Chemical Corps, Signal Corps, Corps of Engineers, and Artillery.

office is 204-B in the Administration Building.

YEARBOOK EDITOR is Lonnie D. Hunt, Jr., a Junior Industrial Education major with emphasis on printing. Hunt is a graduate of Moore High-Waco

where during his high school career he worked on both the newspaper and yearbook staffs and was ultimately chosen Editor of the school newspaper his senior year. At PV he has served as Activity and Managing Editor for the Panther. During

UPPER-CLASS GUIDES assemble Freshmen orientation kits prior to the recent orientation period.

PV'S DOMED STADIUM — NOT HOUSTON'S — Pictured above is only part of the large new domed field house which is serving the PV family this year. The new facility is well equipped compared to the old gym.

APPROXIMATELY 6,000 SEATS — Basketball game seating will never be a problem due to the large increase in seating.

Research Program In Agriculture Established at PV

An undergraduate research participation program for agricultural students interested in various phases of soil science will begin September 1 at Prairie View A&M College.

This new program is made possible through a \$5,460 grant from the National Science Foundation. It will extend through the 1964-65 academic year and through the 1965 summer term. The program is under the direction of Dr. James I. Kirkwood, professor of Agronomy at Prairie View.

It has been set up in behalf of undergraduate students in agriculture who have shown interest and abilities in soil science, and who are research minded but have not and will not likely have the opportunity for engaging in research while in undergraduate school. Students, other than agricultural majors will be considered if they meet the requirements.

The academic year phase of the program provides a \$200 stipend in the form of a grant-in-aid to the participant. Participation will be on the order of about eight to ten hours a week, and will extend through the full academic year.

The summer phase of the program will run eight weeks and participants will receive a stipend of \$60 per participant week. The summer participation must be full time to the exclusion of any other course work or any outside employment.

In selecting students for the program emphasis will be placed on juniors and seniors of high ability who have demonstrated the qualities of scholarly ability, imagination, and perseverance and who have shown willingness to work, interests, aptitudes, and creativeness conducive to systematic investigations of problems.

his high school activities, Hunt won prizes in competition newspaper writing while attending the annual Journalism Day at Baylor University. He is the son of Mrs. A. L. Hunt and Lonnie Hunt, Sr. of Waco. Hunt's office is 204-B in the Administration Building.

Upper Classmen Smooth Problems for Freshmen

Talented upper-classmen at Prairie View efficiently assisted the department of Student life during the brief period of freshman orientation.

The sophomore, junior, senior assistants from virtually every school of the college play a very important role in assembling, guiding, and orientating newcomers to the campus.

At the first general assembly for the freshmen, the assistants carefully aided those in doubt as to correct procedures to pursue. Some time before however, the upper-class students assembled better than eight hundred orientation kits.

Tours of the W. R. Banks Library, film showings in the Memorial Center and Harrington Science Building were executed with the help of the aides.

These are the students who were of expert assistance during the critical orientation period: Mamie Hughes, Marjay Anderson, Elsenia Soders, Marie Johnson, Jacqueline Blacknall, Callie Livingston, Beverly Thompson, Donald Dorsey, Shirley Teagle, Patricia Iglehart, Charles Green, William Gage, Joyce Adams, Betty Jo Sampson, Charles Chapple, Delores Metcalfe, Lillian Hodge, Dianne Pierson, James Session, Minnie Dyer, Albert Holloway, Barbara Shavers, Leandre Jones, Calvin Wesley, Anita Bradford, Bernadette Mosby, Lonnie Hunt, Rosie Mary Moore, Jacqueline Williams, Carolyn Robinson, Delores Pelton, Patricia Mayfield, Belvia Powell, Mattie Brown, Wilma Crosby, and Willie Taylor.

Those who complain about the way the ball bounces are often the ones who dropped it. — Quote.

Sgt. Ralph Wallace
Air Force Representative

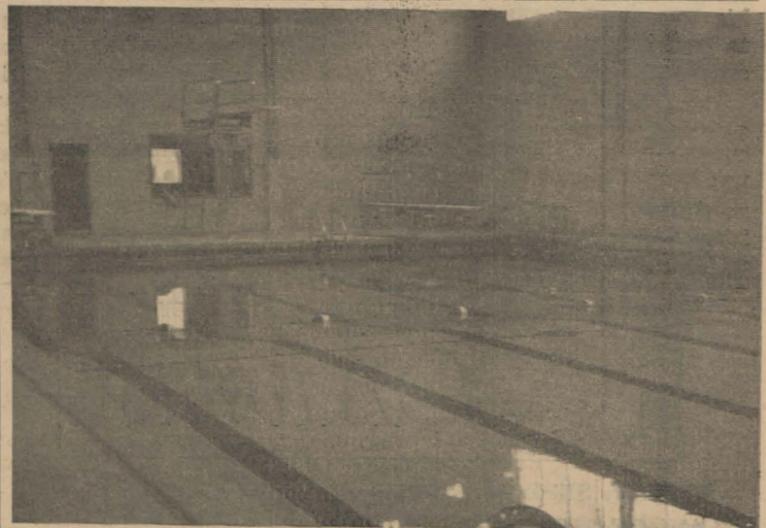

Seniors at Prairie View A&M College, both men and women, will soon have the opportunity to discuss their chances of becoming Officers in the United States Air Force according to Technical Sergeant Ralph Wallace, the local Air Force representative.

The Officer Selection team consisting of 1st Lt. R. P. McMichael and Technical Sergeant Carl Bauer and accompanied by Sergeant Wallace, will be on campus on October 12th and 13th.

To be eligible, applicants must be college graduates or seniors within 210 days of receiving a degree, between ages of 20½ and 29½, United States citizens, and able to pass a written and physical examination.

The Air Force Officer Qualifying examination will be given to all interested students in Room 122, Memorial Center beginning anytime after 9:00 a.m. on both the 12th and 13th of October.

and reasoned. After extensive studies of animal behavior, research specialists at the animal laboratories of Columbia University have listed the ten most intelligent animals as follows: Chimpanzee, orangutan, gorilla, monkey, dog, cat, raccoon, elephant, pig, and horse.

EMPTY POOL — BUT NOT FOR LONG — This was how the new heated swimming pool looked during the opening of the college this year. Since then, many anxious students have "tackled" it.

LOCKER SERVICE NO PROBLEM — This huge locker room is only one of the many new facilities.

CLUB TALK

Club 26

The young ladies who make up this campus social club, take this opportunity to welcome all freshmen and new students to the campus. We are also happy to again see familiar faces on "the hill".

It is our sincere desire that this school year will be a record one for the institution, administration, faculty, and student body and we are certain that all PV-ites are putting their best feet forward to make this possible.

We of Club 26, under the able leadership of Joyce Brown, are making great plans for this school year. We, at present, feel that the student body will be in for some delightful surprises from our club in the very near future. (This is just a hint for you to keep your eyes fixed on the young ladies who proudly wear the "Black and White".) Incidentally, the other members of the Club's cabinet are: Shirley Bowers, Vice-President; Joyce McBride, Recording Secretary; Lois Samuel, Corresponding Secretary; Doris Williams, Treasurer; Elsenia Soders, Business Manager; Joann Miles, Chaplain; Mary Hornsby, Parliamentarian; Loris Cleaver, Dean of Pledges; Easter Butler, Assistant Dean of Pledges; Constance Kelly, Chaplain.

Therefore, be you a freshman - to whom college is a new way of life; a sophomore - who feels that you know everything about the place; a junior - who anticipates next year when you will be a senior; or a senior - who is anxiously looking forward to graduation - "Best wishes for a successful year."

Reported by Elsenia Soders.

L. B. L.

Les Belle Lettres is a Cultural Club and its main function is to broaden the cultural horizons of young college women.

The members of the Les Belle Lettres Cultural Club wish to take the opportunity to express to all students and faculty a happier new school year. We hope that a change for the better will affect all of us this year.

This year will be a big one for the L. B. L.'s in as much as we are expecting many new members to share in the events brought to the campus by the club.

The new cabinet members for 1964-1965 are as follows: President - Ruth Moore, Vice-President - Henrine Woods, Secretary - Dotsie St Julian; Assistant Secretary - Wilma Clark, Treasurer - Johnnie Woods, Business Manager - Jo Ann Wilson, Dean of Pledges -

Barons of Innovation Begin New Year

The most highly respected social club on PV's campus are a group of young men who are known as the Barons of Innovation. These young men are dedicated to academic excellence, social achievement and cultural prominence. Under the banner of the "belle" green and white, these young men have undertaken many projects such as the annual Red Cross Drive and Courtesy Week to help to elucidate a new meaning to the concept of **PV MANHOOD**.

The Barons or the BOI as they are popularly referred to, have an outstanding group of students who were selected to serve as officers of the 1964-65 school year. The Peer is Baron C. Lee Lockett, a senior I. E. student from Abilene. Brother Lockett is a Cadet Major and serves as a battalion Commander in the ROTC. Brother Lockett is a member of Epsilon Pi Tau. Vice Peer is Richard Gardner, a senior Economics major from Tyler, Texas. Brother Gardner is a company commander in the advanced ROTC. Knight of the Plume is James Snoddy, a senior mathematics major who also is a battalion commander (Cadet Major) in the ROTC, from Beaumont. Assis't Knight of the Plume is Albert Holloway, a junior Chemistry major from Marlin, Texas. Sgt.-at-Arms is Booker T. Butler, a junior from Houston, Texas. Treasurer is Edward Brown, a senior Engineering major from

Queen E. Gardner, Assistant Dean of Pledges - Jacqueline Williams, Sgt.-at-Arms - Yvonne Biggers, Chaplain - Barbara Tatum, Parliamentarian - Vernell Hall, Reporter - Calotta B. Fontenot.

Each member excluding main officers will be asked to work on at least one of the committees as the club belongs to all of us.

We L. B. L.'s would like to think that the past year was a successful one in that many things were achieved. However, we expect this year to be a more successful one.

Club Crescendo

Greetings former students and incoming Freshmen. Club Crescendo welcomes you to a banner year. This school year 1964-1965 heralds the establishment of perhaps the best cabinet in the recent years of the Club's history. The officers for this year are Potentate - Robert C. Sanders, Vice-Potentate - Leroy Holiday, Scribe - Hernandez Jackson, Comptroller - Roy C. Aycock, Business Manager - Edwin Clark, Chaplain - Gerald Holloway, Parliamentarian - Charles Tutt and Sergeant-at-Arms - Bernard Green. The following appointments were made for the year. Dean of Pledges - Willie C. Farrington, Program Chairman - Terry Smith and Music Director - George Alexander.

For the benefit of any Freshmen who have not been introduced to Club Crescendo and any upper classmen who have forgotten, a brief history of the club is in order.

Club Crescendo was organized on the twenty-fourth of October, Nineteen Hundred and Forty Nine at eight o'clock in the Student Lounge of the Recreation Hall, Prairie View A&M College, Prairie View, Texas.

The Founders, the first notes of Crescendo were: Frank Cannon, Joseph Hill, Tom Fontenot, Sam Williams, Roosevelt

San Antonio who also is in the advanced ROTC. Business Manager is Clyde Porter, a junior Drafting major from La Marque, also in the advanced ROTC. Parliamentarian is Evander Johnson, a junior from Houston who is also in the advanced ROTC.

The members of the Barons of Innovation wish to extend a very hearty welcome to all incoming freshmen and transfer students. We also wish to impart this advice to you. If in doubt about any phase of Prairie View Life, seek out the most outstanding individual you can find and ask him. He will be more than glad to help and the chances are 10 to 1 that he is a BARON.

The Kappas began the school year with an overwhelming number of members back for the fall semester.

The newly elected members installed for the year 1964-1965 are as follows: President, Darolyn Davis; Vice President, Marie Johnson; Secretary, Nyanza Joe; Treasurer, Betty McGlory; Assis't Treasurer, Charles Boykins; Reporter, Barbara Stringer; Business Manager, Vivian Hartwell; Assis't Business Manager, Barbara Johnson; Chaplain, to be selected; Dean of Pledges, Betty Willias; Assis't Dean of Pledges, Brenda Davis; Secretary to Dean of Pledges, Emily Barber; Parliamentarian, Josie McPherson; Sgt.-at-Arms, Janice Johnson.

We the members of the Kappa Omega Beta Social Club intend to make this a much happier and successful year than ever before. Hats off to the Barons of Innovation and lots of thanks for the successful dance given to Club KOB in the Ballroom. Let's hope this marks the epitome of brotherly and sisterly love. How about that!!!

We are presently in the process of selecting young ladies to join our club for the year 1965-1966. So all eligible young ladies be of good character for the **KAPPAS ARE WATCHING YOU**.

Reported by Barbara Stringer.

Newman Club

Newman meeting for all Catholic students is on Tuesday in room 204 of the Memorial Center from 6:00 to 7:00.

The parish held a "get-together" on Sunday, September 20 from 4:30 to 6:00 in the Student Union. Many students on campus attended the most enjoyable affair.

The Chaplain is available on Tuesday and Thursday in the Grounds Department building located across from the dining hall.

Masses: Sunday - 7:30 a.m. Tuesday, Wednesday, Thursday - 7:00 a.m.

Houston-PV Club

The metropolitan Houston-PV club held their first meeting of the new school year Wednesday, Sept. 3. Vice President Craig Washington implied that sincere and loyal effort should be put forth in order to obtain more members. President Albert Gooden praised the group upon selecting him to such a high position and added that he would do his best to be worthy.

Officers selected at present are as follows: President-Albert Gooder, Vice President, Craig Washington, Recording Secretary, Gustie Rice; Corresponding Secretary, Fannie Scott; Treasurer, Virginia Weaver; Sgt.-at-Arms, Michael Shaw (245 lbs.) and Kenneth Graves (240 lbs.)

Panthers Smother Jackson State 36-13

The first big week-end of college ball follows the pre-season dope as if a script had been prepared. Prairie View picked to repeat opened defense of its crown by smothering Jackson State 36-13. Coach Billy Nicks Panthers held State to a minus 14 yards rushing and in two games now have held the opposition to a minus ten yards net gain. To show they are versatile, they used defense and the running game for five touchdowns and a safety. Last week, they had scored four touchdowns by passes. Prairie View converted Jackson mistakes into scores on runs of 9 yards, by Richard Seals

and 5 yards by Jimmy Kearney.

THE "TRIGGER" to Prairie View's 1964 war lies in the hand of 1963 M. V. P. and All-American, Jimmy Kearney.

Panthers Pass First Test During SWAC Opener, Defeating Jackson 36-13

The Prairie View A&M College Panthers passed their first test of the season in whipping the Jackson State College Tigers 36-13 in a Southwestern Conference opener for both teams.

The Texans lived up to earlier predictions as the team likely to repeat its 1963 championship record. They scored early in the game, but waited until the third period to wrap up the victory.

Prairie View's first TD came when Thurman Thomas pushed

across from one yard out with 11:30 remaining in the initial frame. James Williams booted the point-after. Also in the first, a safety gave Prairie View an additional two points.

With 9:15 remaining in the third period, Richard Seals powered across from the nine for the second Prairie View touchdown. Also in the third, with 7:15 remaining, Jim Kearney raced over from five yards out and Williams added the conversion.

In the fourth period, the Panthers scored when Evelt Coleman intercepted a Jackson pass on the Tiger 30 and raced across for six points. Again Williams kicked the conversion.

The final Panther TD came when Thomas scooted across from the two, and the talented toe of Williams again connected.

Jackson State gathered both of their touchdowns around the turn of the half. With six seconds left in the first half, Gloster Richardson intercepted a Panther pass and romped 95 yards to paydirt. An attempted kick for the point-after by James Hartfield was no good.

Then, on the opening kick-off of the second half, the Tigers' Taft Reed caught the ball in his own two and snaked his way 98 yards for the second Tiger TD. This time, Hartfield's kick was good.

is an instructor in the Science Department acts in official capacity as sponsor.

As time passes so must people and we regret the loss of one of our sponsors, Mr. Joseph Rutledge and many brothers. The absence of Brothers Herbert Roland, Marion Johnson, Fred Wilhite, Leon Lovely, Leon Anderson, Donald Bush, Troy Johnson, Ernest Thomas, Clarence Brown, and Parker Walton will definitely be noticed. We sincerely await the return of Brothers James Banks, Johnny Crockett, Herbie Duboise, Elisha Lewis, Sylvester Duckens, Luther Eagleton, Jeff and Johnny Hunter, Roosevelt Shelby, Ronald Dorsey, Robert Scott and Rufus Harell.

In closing, let me make a slight prediction. This will be a school year unmatched, untied and undefeated and will live forever in the covered walls of ivy of our Institution. We sincerely hope that Club Crescendo can offer its assistance in making this a great year for Prairie View and a banner year for Club Crescendo.

Walter T. Lilly Jr.

Prairie View scored on a one yard run, a pass interception and a punt return. Jackson scored on the last play of the first half on a 95 yard intercepted pass by Gloster Richardson and the first play of the second half when Taft Reed returned the kickoff 98 yards to score. Jackson went ahead 13-9 at this point. The final count was Prairie View 36, Jackson 13.

At Galveston, Southern University edged Texas Southern 7-6. Defense is Coach Bob Lee's best game and it showed to advantage time and again on Saturday night. The test came with 59 seconds remaining. TSU had a fourth down situation with six inches needed for a first down and three yards for a T.D. Quarterback Jon Douglas tried a pass as he gambled for victory and the Jaguars held. Douglas had scored the TSU tally when he raced twenty yards as he sought a pass receiver. Frank Pitts did the heroics for Southern by grabbing a batted pass thrown by Southern's Willie Johnson, and racing 51 yards to score. John Clayton kicked the P. A. T., that insured victory.

At Grambling, the host Tigers scalped the Alcorn Braves. Grambling's offense sputtered, and was only effective as it had to be. Henry Dyer scored twice on plunges of two and three yards; Goldie Sellers scored twice, once on a 56 yard bomb from Eddie Robinson, Jr., son of the head coach, and again on an eight yard gallop and Leroy Carter ended scoring for the night with a 68 yard run. Fred Pickens on a 32 yard pass and Smith Reed on a 68 yard pass scored for Alcorn. Alcorn racked up 18 first downs to Grambling's twelve in the game.

In the final game involving conference members, Arkansas A. M. & N., defeated Mississippi Valley State, 12-6. On November 30th in the seasons finale (1963) Mississippi Vocational beat Arkansas 49-6. This reversal shows the strength of Coach Van Johnson's Golden Lions picked as the dark horse of the league. The score was 6-6 at half-time as Arkansas used the same combination to score on the first play of the game and again in the third quarter as Walter Thronton hit George Gilchrist with touchdown passes.

NEXT WEEKS SCHEDULE

Wiley College at Alcorn A. and M. College
Grambling College at Southern University
Arkansas A. M. & N., College at Lincoln University
Mississippi Valley at Jackson State College
Prairie View A. and M. College and Texas Southern OPEN

captain just another afternoon-great.

If you can, imagine Jimmie Kearney throwing 3 passes and completing only 1 to "Slug" Taylor for 7 yards during the second half. The secret lies in his ability to select the weapon necessary, and this nite call for running, and answering the welcome bell were Richard "Hook" Seals with 6 carries for 46 yards along with a punt return good for 41 yards and a touchdown, "Butter Ball" Rodger, a freshman by way of the Alamo 10 for 36, Eddie Hughes 3 for 21 before a slight injury and Kearney carried for 18 times for 72 yards and a 6 yard touchdown.

Panthers Invade Mississippi

By L. C. Chew Jr.

The 1963 NAIA finalists traveled all the way to Jackson, Miss. to cast a vote for the S. W. A. C. Championship, now the results: It took the champs 3 minutes and 2 seconds to get freshman Thurman Thomas into the end zone for the first touchdown of the 1964-65 season from a yard out. Freshman James "The Toe" Williams' P.A.T. was good - Panthers 7 Tigers 0.

For the remaining 9 minutes both teams battled as if their lives were at stake, however, the battle ended with Jackson 10 yards out of their end zone. The officials called off the Panthers and awarded them (safety) 2 points.

After 2 minutes of fumbling the Panthers ended it with the ball on Jackson's 40 yard line. Jimmie Kearney (All-American and M. V. P.) moved the Panthers down field to the Tigers 3, fighting the clock all the way, with 6 seconds before intermission - Gloster Richardson, brother of Baltimore Colts Willie Richardson, intercepted Kearney's pass and zoomed 98 yards to narrow the score to 9-6. Jackson received the second half kick-off and Freshman James

Hartfield (High School All-American) went 95 yards and with those yards went the Panthers lead, Tigers 13 Panthers 9 - within 21 seconds Jackson gained 193 yards and 13 points - whew!

By this time the local fans are whooping it up to the point where the official has to call time to quiet them.

The Panthers defense had nothing to be ashamed of, at this point in the game Jackson had no first downs, no yards rushing, twenty-six yards passing and the Tigers crossed the 50 yard line only once. Hats off to the Defensive unit-Capt. "Hoss" Cartwright, Peter "Tweed" Alfred, David "Big Red" Kirkpatrick, George "Love Again" Shankle, Ray "Charles" Scott, Kenneth "Huff" Houston, Capt. Otis "Unanmus" Taylor and a special tip to Lewis "Tack" or "Attack" Franklin. Outstanding defensive backs include Tommie Nelms, Evelt "versatile" Coleman who intercepted and ran 30 yards for Panthers 4th touchdown, Robert "McKinis" Jones' timely interception set up the 5th touchdown and James "Skin" Williams their
